GENERAL.

Proceedings of the Government of Mysore.

READ :—

The following letter No. 2304, dated 1st March 1894, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, to the Chief Secretary to the Government of Mysore :—

With reference to your docket No. 10683—G. F. 437-92, dated 28th December 1893, I have the honor to state that, as the planters subscribe Rs. 500 annually, I am of opinion that they should be treated as subscribers of Rs. 4 per mensem and allowed to have medicines for themselves and their families without charge, even when they want prescriptions from their own medical advisers made up as this will rarely happen.

No. 14208—G. F. 437-92, DATED, BANGALORE, 6TH MARCH 1895.

ORDER THEREON.—The Senior Surgeon is informed that the subscribers alluded to in the Rules issued under Notification No. 1521—G. F. 437-93, dated 19th July 1893, with reference to whose subscriptions the medicines supplied to them have to be charged for under those Rules, are individual persons paying separate subscriptions, and not the members of a community, club, or association, paying a lump sum contribution as such community, club or association. The names of the individual subscribers should be periodically ascertained and communicated to the Medical Officer in charge Sulebile Dispensary with instructions that these subscribers are entitled to have medicines for themselves and their families supplied free of charge at the said Dispensary.

L. ANANTASAMI RAO,
Officiating Chief Secretary.

To—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

Letter No. 623, dated 22nd May 1894, from the Deputy Commissioner, Kadur District, submitting copies of certain correspondence between him and the Comptroller on the subject of the moiety of the pay of the officials appointed to act during the absence of Revenue Accountant Narayanaiengar of his office on leave, and soliciting that the charge of Rs. 19-1-9, being the moiety of allowances of Narasimhaiya, Maramat Mutsaddi, who acted from 11th May to 10th June 1893, may be ordered to be accepted as a special case.

No. 14431-8—G. F. 144-92, DATED, BANGALORE, 6TH MARCH 1895.

ORDER THEREON.—It having been brought to notice that the half pay arrangement alluded to was made by the Deputy Commissioner nearly a year ago to avoid extra cost, the Government authorize the moiety of allowances in question being passed as a special case.

2. In future the Deputy Commissioner should strictly adhere to the provisions of Article 87 referred to in Article 93 (1) of the Mysore Service Regulations regulating the salary of officiating officers.

L. ANANTASAMI RAO,
Offg. Chief Secretary.

To—The Deputy Commissioner, Kadur District.
The Comptroller to the Government of Mysore.
The Deputy Commissioners of other Districts (excepting Hassan District) for information.

READ:—

Letter No. 154, dated 14th August 1894, from the Deputy Commissioner, Tumkur District, recommending that the Amildars of the 5th class may be exempted from the operation of Article 546 of the Mysore Service Regulations in the same way as Police Inspectors are exempted in Article 547 of the said Regulations.

2. Memo No. 858, dated 10th November 1894, from the Comptroller to the Government of Mysore, bringing to notice the provisions contained in Article 199 of the Mysore Service Regulations and proposing that the same rule may be extended to the Amildars of the 5th class and Deputy Amildars.

No. 14929-37—G. 4284, DATED, BANGALORE, 11TH MARCH 1895.

ORDER THEREON.—The Government are pleased to extend the provisions of Articles 199 and 547 of the Mysore Service Regulations to Amildars of the 5th class and Deputy Amildars.

2. The Comptroller to the Government of Mysore will submit for approval accordingly a draft amendment to the above mentioned articles.

L. ANANTASAMI RAO,
Offg. Chief Secretary.

To—The Deputy Commissioner, Tumkur District,
The Deputy Commissioners of other Districts,
The Comptroller to the Government of Mysore,

READ:—

Letter No. 1352 of the 10th November 1893, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, submitting for orders certain correspondence relating to the payment of a sum of Rs. 3 by the late Munsiff Mr. Timmakrishna Rao, in adjustment of a bill sent to him by the Assistant Surgeon of the Kolar Government Civil Hospital on account of certain medicines supplied to the sister-in-law of the said Munsiff from the Hospital and stating that the Munsiff cannot claim exemption from payment for the medicines supplied to the members of his family from Government Hospitals.

READ ALSO:—

Letter No. 2141, dated the 12th February 1894, from the Senior Surgeon on the same subject.

No. 14643—G. F. 457-92, DATED, BANGALORE, 12TH MARCH 1895.

ORDER THEREON.—Government concur in the views expressed by the Senior Surgeon in the above. A member of the family of an officer of the position of a Munsiff is not entitled to receive medicines from a Government Dispensary gratis, where he or she is treated as an out-patient. In the present instance, the amount due should be recovered from the late Munsiff Mr. Timmakrishna Rao, and the fact reported to this office.

Report on the Government Botanical Gardens and Parks in Bangalore for the year 1893-94

No. 15073—G. F. 281-92, DATED, BANGALORE, 14TH MARCH 1895.

REVIEW THEREON.—It is estimated that the garden was visited by over 250,000 pedestrians, the number of carriages admitted being 8,882.

2. The season was a favorable one for cultivation. The permanent staff of servants was augmented by a gang of prisoners fluctuating from 10 to 50 and with their assistance an increase to the staff is said to be unnecessary.

3. A separate report on the scheme introduced for the training of Apprentice Gardeners should be submitted as soon as the first batch of Apprentices complete their period of Apprenticeship.

4. Government are glad to observe that much work was done during the past two years in the general improvement of the Gardens and in carrying out experimental cultivation, especially that of the grape, wine, coffee, and sisal hemp. It is a matter for regret that the consignment of seed potatoes obtained from England arrived in a rotten condition. Two Horticultural Shows were held at an outlay of Rs. 1,500, set off by the Gate collections which realized Rs. 623.

5. The total expenditure under all heads amounted to Rs. 23,680 against Rs. 22,589 in the previous year, and the receipts in cash and the value of gratis issues amounted to Rs. 3,747 against Rs. 3,353.

6. A large number of donations was received, and Mr. Cameron will be requested to convey to the doners the thanks of the Government for the interest they have taken in the Institution.

7. The grounds of the Cubbon Park, the Palace Gardens and the grounds attached to the Dewan's official residence were properly maintained.

General Secretary.

To—The Superintendent, Government Botanical Gardens.

No. 14702-4—G. F. 448-92, dated, Bangalore, 14th March 1895.

Order.—No new advances will hereafter be given under the Special Rules for the grant of advances for building houses in the Cities of Mysore and Bangalore, in connection with the extensions of those Cities, as special encouragement in this direction is considered unnecessary during the minority of His Highness the Maharaja.

The following letter No. 844—83-95 of the 8th March 1895, from the Assistant to the Resident in Mysore, to the Dewan of Mysore—

I am directed to forward a copy of the marginally noted Circular of the Government of India, regarding the procedure to be observed whenever contagious disease makes its appearance among animals, and to point out the great benefit of co-operation in such matters. While doing so, I am to ask how far the Darbar can give effect to the suggestions contained in the circular by the issue of orders to its officers.

Revenue and Agricultural Department Circular No. 4—29, dated the 6th February 1895.

Circular No 4—29, dated, Calcutta, the 6th February 1895.

From Denzil Ibbetson, Esq., c.s., Officiating Secretary to the Government of India, Department of Revenue and Agriculture (Civil Veterinary Administration), to Local Governments and Administrations.

Sir,—Cases have recently come under the notice of the Government of India in which, owing to the division of authority between civil and military officers, the measures that have been taken upon the occurrence of an outbreak of contagious disease among animals, have not been as prompt and effective as they might and should have been. In outbreaks of disease it is especially important that all concerned should co-operate in the fullest manner, as the powers of the executive in the matter are at the best extremely limited, while the evil spreads so rapidly that whatever can be done to check it should be done at once.

2. The Governor General in Council accordingly desires that the following procedure may in future be observed whenever contagious disease makes its appearance among animals:—

(1) When any contagious or infectious disease appears among animals at a horse or cattle fair, or in the neighbourhood of a cantonment, or of a line of military communication, the district or sub-divisional officer shall immediately report the fact and the nature of the disease to the nearest military authority, who will be responsible for communicating the information to any other military authorities whom it may concern.

(2) When such disease appears in a camp or cantonment, or among animals under military authority on a line of communication, the facts shall be immediately reported by the military authorities to the district or sub-divisional officer within whose charge the disease has appeared.

(3) The principal local authority, whether civil or military, within whose jurisdiction the disease has appeared, should keep the local military or civil authority (as the case may be) informed of the preventive or repressive measures that he has adopted, so that the action taken by the one may be, as far as possible, continued by the other. Any suggestions that either authority may have to make for action on the part of the other, with a view to checking the spread of the disease, should be made to him direct. The latter on receiving them should give them his best attention, and should inform the authority who made them, how far he feels himself able to accept and act upon them.

(4) The direct communication between the local authorities enjoined in the above rules in no way supersedes the necessity of reporting the fact of an outbreak for the information and orders of superior authority, under any rules or practice that may be from time to time in force.

3. These rules have been separately issued for the guidanceof all military officers.

No. 15029-36—J. 4311, DATED, BANGALORE, 15TH MARCH 1895.

ORDER THEREON.—The foregoing papers are communicated to the Deputy Commissioners of Districts with a request that the instructions therein contained may be followed when any contagious or infectious disease appears among horses or cattle.

READ :—

The following letter No. 969—308-90, dated 16th March 1895, from the 1st Assistant to the Resident in Mysore to the Dewan of Mysore :—

I am directed to forward, for the information of the Darbar, a copy of a * general letter issued by the Post Master General, Madras, to all Postal Officers in Mysore, conveying instructions regarding the treatment in the Post Office of correspondence relating to the affairs of the Mysore Government when posted by an officer of that Government while on leave.

* No. 82 D—C. M. 6 No. 2, dated 6th March 1895 (with 3 spare copies).

2. In order to prevent any misunderstanding on the subject, I am to suggest that the Post Master General's letter may be caused to be published in the Mysore Gazette.

Enclosure to the above.

It sometimes happens that an official of the Mysore Government, when on leave, franks an article bearing the superscription "On Mysore Government Service" for transmission through the post office free of charge, in contravention of the provisions of clause * 330 of the Indian Postal Guide (January 1895). An officer on leave is a private person as regards any official communication that he may have to make to a Government office : and he has therefore no authority to superscribe an article for transmission through the post office as "On Government Service."

2. It is however open to him to frank and despatch correspondence relating to the affairs of Government with the superscription "Service unpaid," for which provision is made in clause 338 of the Indian Postal Guide : and articles bearing this superscription and duly franked by the sender should always be delivered free of charge when addressed to an official of the Mysore Government, provided of course that the articles are both posted and delivered within the State.

H. FARRER, *Post Master General.*

* *Note.*—Government officers on leave and Government officers who have retired from the service are not entitled to this privilege in any case (A. The privilege is official postage rates).

No. 16149-82—G. 4551, DATED, BANGALORE, 27TH MARCH 1895.

ORDER THEREON.—Communicated to Deputy Commissioners of Districts and Heads of Departments for information and guidance.

The Heads of Departments.

From A. C. Lyall, Secretary to the Govt. of India, Home Department, Public, to all Local Governments and Administrations, No. 70—3943-52, *dated, Fort William, the 31st December* 1873.

SIR,—As the practice of using in official correspondence vernacular terms that are generally unintelligible beyond the province in which they are current, is common and productive of much inconvenience and delay in the despatch of public business, I am desired to call attention to the subjoined orders of the late Hon'ble Court of Directors forbidding indiscriminate use of Indian words in English correspondence, and to request that the spirit of these instructions may still be observed as closely as possible.

2. It must, however, be understood that this restriction is not meant to govern necessarily the style of correspondence carried on between a Local Government and the officers subordinate to it, but is applicable mainly to writings intended to go beyond one Local Government. When in such papers a correct English equivalent to a local vernacular designation cannot be given, the word can usually be best explained by reference to the class or business to which an office or employment belongs; for the chief difficulties are found to occur in returns of subordinate establishment.

Extract from a despatch from the Hon'ble the Court of Directors, dated the 6th January 1815, *circulated on the 17th October* 1815.

PARA. 138. Adverting to the various terms and appellations, borrowed from the Oriental languages, which appear on your Revenue Consultations, and the meaning of which it is sometimes difficult to discover, we direct that you instruct the Boards of Revenue and of Commissioners to desire the different Collectors, subject to their respective authority, to avoid as much as possible the use of Native designations in their correspondence; and in cases where it may be impracticable to dispense with them, without frequent periphrasis, to affix a marginal explanation of the terms which, for the sake of convenience, may be employed in the text of their letters.

Fort William, the 8th January 1874.

By order, &c.,
T. U. RIDGEWAY
for Under Secretary to the Govt. of India.

From J. P. Hewett, Esq., C.I.E., Offg. Secretary to the Government of India, Home Department, Public, to.....No. 2 *Public*—134-143, *dated Calcutta, the 7th February* 1895.

SIR,—IN the Circular letter from this Department, No. 70—3943-52 of the 31st December 1873, the Government of India drew attention to the instructions of the late Hon'ble Court of Directors regarding the use of vernacular terms in official correspondence, and requested that such terms should be employed as sparingly as possible, especially in papers which were intended to go beyond the Local Government first concerned. Again, in the extract circulated with Resolution No. 2—81-95 of 31st January 1881, the Secretary of State drew attention to the inconvenience attending the use of vernacular terms in reports or official correspondence sent home to the India Office, and directed that, whenever it was considered desirable to make use of them, their English equivalents should also be given.

2. It appears to the Government of India that these instructions have in some measure been lost sight of owing to lapse of time. Letters and reports which come before the Governor General in Council, and especially those dealing with revenue matters, are not infrequently almost unintelligible to persons unacquainted with the Province from which they are received, owing to the number of vernacular terms with which their pages are laden.

3. I am, therefore, to request that the use of such terms may be avoided as far as possible. It is sometimes necessary to employ vernacular words for which there exists no English equivalent, and the precise meaning of which can be conveyed in English, if at all, only by a long periphrasis. But wherever it is possible to use an English word which expresses, with sufficient accuracy for the immediate purpose, the meaning to be conveyed, this should be done.

4. In the orders of 1873, referred to above, it was stated that they were "not "mean to govern necessarily the style of correspondence carried on between "a Local Government and the officers subordinate to it, but were applicable mainly "to writings intended to go beyond one Local Government." It is, however, difficult to distinguish between papers that may go beyond the Local Government and those that will not; and even those that do not, must be reproduced in Proceedings which are always examined by the Government of India. Moreover officers can hardly be expected to cultivate two distinct official styles, to be used respectively in the two classes of papers. The Government of India hope, therefore, that if..... no objection to so doing,.....will extend these instructions to all official correspondence in.....

Notes by Mr. McDonnell, Special Assistant Commissioner, doing duty, Dewan's office, on the Bombay system of tapping date trees as contrasted with that followed in Mysore; as well as on the most effectual mode of protecting toddy being diluted by rain-fall.

No. 14365-75—R. 2084, DATED, BANGALORE, 8TH MARCH 1895.

ORDER THEREON.—The above notes are forwarded to the Excise Commissioner for communication to Deputy Commissioners, for early trial, in the manner indicated in para V. A report should be submitted of the result after a year's trial.

2. Special attention is invited to para IV of the Notes, dealing with the most effectual means of protecting toddy from dilution by rain-fall.

3. Two hundred spare copies of the notes are forwarded for circulation to Revenue Assistant Commissioners, Amildars and the Excise staff.

Districts.	Number of wells.	Amount. Rs.
Chitaldroog	1	250
Kolar	1	100
Tumkur	1	150
Bangalore	1	200
Total ...	4	700

No. 14478—R. 2103, DATED, BANGALORE, 8TH MARCH 1895.

ORDER THEREON.—Recorded.

2. It is noted that the above sum was advanced as second instalment and that therefore no fresh advances were made during the month.

3. Several of the columns which are now left blank in the statement ought to have been filled in with the necessary informations. The special officer will see that such omissions are not repeated.

The annual returns received from the several Districts showing the estimate of the acreage under cultivation and of the outturn of wheat for the calendar year 1894.

No. 14506-13—R. 2099, DATED, BANGALORE, 8TH MARCH 1895.

ORDER THEREON.—It is observed that, as the wheat crop is not generally harvested before the close of each calendar year during which the crop is sown, only the estimated outturn for the year is being exhibited in the returns now submitted to Government. The actual yield in lbs. per acre is not ascertained after the crop is harvested, and reported to this office separately. Deputy Commissioners are, therefore, requested to open a separate column in their future returns and to exhibit therein the *actual* outturn in lbs. per acre of the year previous to that for which the return is prepared and submitted to this office. If there be any large difference between the estimated yield shown in the previous return and the actual outturn exhibited in the statement for the subsequent year, the cause of difference should *invariably* be explained.

3. In connection with the new form, I beg to point out that the receipts from timber and other produce removed by Government agency and sold departmentally will have to be clubbed with the receipts from such produce removed by consumers or purchasers, whereas in the existing form there are two separate heads for such receipts, those from State Forests being separately shown particularly in those districts in which there are no Depôts, as also the receipts from confiscated drift and waifwood. If allowed, the receipts from license fees on timber will be shown in column 9 "other proceeds from timber," as also the realizations from small wood sold from Forests to villagers in the neighbourhood, such wood being unsaleable at the Depôt. But under the heads "bamboos," "firewood and charcoal," "grass contract" "lac" and "gall-nut," I would propose that two columns "by department," "by licenses or contract," be opened for showing the revenue from each source separately. Under the head "grass," the collections from grazing licenses will be shown in column "by department," while receipts from grazing sold under hulbanni system as also sale proceeds of grass allowed to be cut and removed will be shown in the other column. As per existing practice, the item of lac is not clubbed with gum and is singly farmed out for 3 or 5 years, whilst wax, honey, gum, resins and other minor items, such as, jungle saffron, deer-horns, &c, are all sold together :—Gallnut, where its produce is large in State Forests, it is collected departmentally and where it is inappreciably small it is sold with other items on the Izara system. If Government still consider that the receipts from gum, wax and honey, however small they may be, should be shown separately, the same will have to be sold as separate items. I beg instructions on all the above points.

No. 14741-50—R. 2133, DATED, BANGALORE, 9TH MARCH 1895.

ORDER THEREON.—The Government approve of the suggestions made in para 3 of the letters read above and direct that, in printing the forms of the Forest Demand, Collection and Balance returns required for distribution, the necessary modifications be made.

2. The entire revenue from bamboos, gallnut, &c., whether realized by department or by license or by contract should be shown under the headings prescribed in the return. Where two or more minor items are clubbed together and sold, the whole revenue may be shown in a lump sum under the principal head concerned or under column 23. They need not be sold separately for the purpose of this return. The necessary explanations should however be given as far as possible in the column of remarks.

3. The question of additional establishment should form the subject of a separate communication. The Inspector General may obtain all necessary information from District Forest Officers and submit one return for the whole Province in the form already sanctioned.

No. 14523-30—R. F. 157-93, DATED BANGALORE, 11TH MARCH 1895.

ORDER THEREON.—The question at issue is whether the Dittam Chitta and Kulwar Chitta accounts should be preserved or destroyed.

2. The Deputy Commissioners of Kolar and Chitaldroog report that the Chitta accounts have already been destroyed. The Deputy Commissioners of Bangalore, Tumkur, Shimoga and Kadur are of opinion that these accounts may be preserved, while the Deputy Commissioners of Mysore and Hassan are in favor of preserving the Kulwar Chittas only. These accounts seem to have been destroyed in more than one Taluk of the Hassan District.

3. The Kulwar Chitta contains particulars of individual holdings, the Dittam Chitta being an abstract for a whole village.

4. Under such circumstances Government are pleased to direct that the Dittam Chittas may be destroyed at once, and that Kulwar Chitta accounts may be destroyed wherever and whenever more than 12 years have elapsed since the introduction of the survey settlement.

5. Before these are destroyed, however, a proclamation will be published allowing sufficient time within which any persons who wish to do so may obtain certified copies for use or record.

Government Proceedings No. 13931-65—R. F. 236-92, dated 5th February 1894, reviewing the Revenue Administration Reports of Districts for the year 1891-92.

Letter No. 1060, dated 21st April 1894, from the Superintendent, Government Press, suggesting that the Deputy Commissioners of Districts may be instructed to adopt a standard of uniformity in drawing up their annual reports.

No. 14835-43—R. 2148, DATED BANGALORE, 13TH MARCH 1895.

ORDER THEREON.—The Superintendent, Mysore Government Press, suggests the desirability of insertion of a Title-page and a Table of Contents to the Administration Reports submitted by Deputy Commissioners. This is certainly an advantage and can well be followed. Government therefore are pleased to direct that a Title-page and a Table of Contents be accordingly attached to the future Revenue Administration Reports submitted by Deputy Commissioners.

2. The Hassan, Mysore, Kolar, Kadur and Bangalore Districts, show deposits which are alike old and heavy. It is desirable that the Deputy Commissioners and Treasury Officers of their Districts should carefully scrutinize the old items and adjust them promptly.

3. Under instructions conveyed in Comptroller's Circular No. 1813, dated 18th May 1894, the following items should have been credited to Government as they had been in deposit unclaimed longer than the time therein prescribed. These, if still in deposit, should now be credited to Government. The Comptroller ought to ascertain why his instructions were not promptly carried out and bring any laxity in this matter to the notice of Government:—

READ:—

Letter No. 3409—319, dated 9th February 1895, from the Excise Commissioner in Mysore, *in re* draft Notification relative to the sales of Toddy Vend Farms.

No. 15922-30—R. F. 210-92, DATED, BANGALORE, 29TH MARCH 1895.

ORDER THEREON.—Attention is invited to the amendment made to para 7, clauses 3 and 4, to ensure punctual payment and prompt recovery of Government dues and to prevent arrears.

2. An additional clause has been added relative to summary rejection of resignations by the Deputy Commissioner.

3. The schedule as amended will be published with the Notification. The accompanying form of Schedule should be adopted in future and, after being carefully filled in, submitted to this Office on or before the 1st February of every year with the draft Notification for approval and publication. It is of primary importance that all available information should be published.

4. With the foregoing changes, the draft Notification submitted by the Excise Commissioner has been approved and sent to the Press for publication.

5. The results of the sales should be reported, on or before the 1st July next, with explanations for rise or fall, and compared with the figures of the last three years. The prescribed tabular statements should accompany the report.

L. ANANTASAMI RAO,
Offg. Chief Secretary.

NOTE (A).—Column 6 *c* & *d*. Intending farmers are given this information as far as it was possible to collect the data recorded, but they should satisfy themselves by personal inspection and enquiry on the spot of all particulars under these heads so as to glean correct details of the Farms they intend to purchase, as Government will not be answerable for any short-comings on this score, and the purchasers' bids will be held valid and enforced notwithstanding any discrepancies herein set forth of the description of such farms given in column 6, clauses (*c*) and (*d*).

NOTE (B).—Any changes in the extent of farms or in the vanas assigned should be inserted in red ink, at the time of sale, and duly initialled there and then by the Officer conducting the sale after reading the same out to the purchasers.

REVENUE.

Sale of Toddy Vend Farms for 1895-96.

Notification No. 15931—*R. F.* 210-92, *dated 29th March* 1895.

It is hereby notified by the Government of Mysore that the exclusive privilege of selling Date Toddy in the various classes of farms specified in the subjoined schedule for one year beginning with 1st July 1895 and ending with 30th June 1896, will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, on the dates mentioned in the said schedule and at the Taluk Kasbas, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid farms, or should any of the present farms be unduly large, the officer conducting the sale, may revise, subdivide or otherwise re-arrange the farms subject to the approval of the Excise Commissioner.

2. The exclusive privilege above described will be put up to auction, and will be knocked down to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner who will be at liberty to accept or reject any bid at discretion. Such formal confirmation will be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the exclusive privilege being knocked down to him, and before the next farm is put up for sale, deposit a sum equal to one-twentieth of the amount of his bid, and within fifteen days of the confirmation of the sale having been notified to him by the Deputy Commissioner in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to three months' rent, and if he fails to do so, the deposit already made will be forfeited, and the exclusive privilege will be immediately resold or otherwise disposed of as the Deputy Commissioner may direct.

4. Resales effected under para 3 will be at the risk of the defaulting bidder who will forfeit all gain, and in the event of a loss by the resale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth, and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited; and the exclusive privilege will be resold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. A statement of existing shops in each farm and the groves attached thereto will be shown to the intending bidders at the time of sale and every successful bidder will be furnished an extract from this statement showing the groves attached to his farm. The monthly rental of each farm for the years 1893-94 and 1894-95 is appended.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions:—

(1) For the supply of toddy to his shops, the licensee shall have the exclusive privilege of manufacturing toddy from the date trees in the groves assigned to his farm; and he shall be at liberty to manufacture toddy from date, palmyra or cocoanut trees in private lands either inside or outside the limits of his farm, on separate free licenses issued under Section 5 of the Excise Act, or to buy it from other farms, under private arrangements between him and the owners of such lands or the licensees of such farms, as the case may be, the selling price of palmyra and cocoanut toddy being fixed by the Excise Commissioner from time to time.

(2) The exclusive privilege shall extend only to the sale of date, palmyra and cocoanut toddy, and shall not include the sale of bagani toddy.

(3) The amount for which the privilege has been purchased, shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1895 together with the local cess of one anna on every rupee of such instalment; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent, together with local cess thereon, shall be payable on or before the 20th of the said month. If default is made, the Amildar shall declare by record in writing that the license is forfeited and shall resell the farm before the last day of the month. The Amildar shall be at liberty to break up a defaulting farm into the existing number of shops within it, to give each separate shop-keeper a license for the rent he agrees to, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(4) Failing payment of each monthly rent on or before the 20th of the said month the deposit made by the licensee shall be forfeited after adjustment of any deficits arising from resale as per condition (3) above. The said deposit will be taken in adjustment of the demand for the last three months of the period for which the farm is held.

(5) The toddy shall be sold to the public at the rates prescribed by Government.

(6) The toddy shall be sold pure as drawn from trees, and shall not be adulterated or diluted in any manner in the shops, or depôts if any.

(7) The licensee shall keep true accounts of the quantity of toddy received and issued to shopkeepers. The passes issued with the toddy transported, shall be subject to examination and check by the officers authorized on this behalf.

(8) The toddy shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner. Tree-foot sales or sales in the open, or the disposal of toddy in any other manner unauthorized by the rules, shall be strictly prohibited.

(9) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(10) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending arrack in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending arrack in any part of the farm, to hold any share or interest in his exclusive privilege of selling toddy; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest direct or indirect, in any toddy farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(11) The licensee shall be bound by the provisions of the Excise laws and rules in force or by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with permit books for the transport of toddy, which books may be purchased from local Excise officers.

(12) The farm shall not be transferable except with the permission of the Excise Commissioner.

(13) Resignations of farms in whole or part will be summarily rejected by the Deputy Commissioner.

(14) The remaining terms and conditions shall be as set forth in the prescribed licenses.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on the business of his farm with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the sum of Rs. 50 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license, and resell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government. When a farm is cancelled, the rent for the whole period of the farm shall become due at once; and all loss caused to Government by the cancelment or resale of the farm shall be made good by the licensee or his surety in the manner specified for resales in para 4 above. All the amounts of such penalties and loss shall be recovered in the same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under the last preceding condition, shall not be held to prevent the prosecution of the licensee or his agents or employés for any offence punishable under the Excise laws or other enactments or rules for the time being in force.

By order,

L. Anantasami Rao, *Offg. Chief Secretary.*

READ :—

Letter No. 3409—319, dated 9th February 1895, from the Excise Commissioner in Mysore, *in re* draft Notification relative to the sales of Arrack Vend Farms and Separate Shops.

No. 15932-40—R. F. 210-92, DATED, BANGALORE, 29TH MARCH 1895.

ORDER THEREON.—Attention is invited to the amendment made to para 7, clauses 2 and 3, to ensure punctual payment and prompt recovery of Government dues and prevent arrears.

2. An additional clause has been added relative to summary rejection of resignations by the Deputy Commissioner.

3. The schedule as amended will be published with the Notification. The accompanying form of schedule should be adopted in future, and after being carefully filled in, submitted to this office on or before 1st February of every year with the draft Notification for approval and publication. It is of primary importance that all available information should be published.

4. With the foregoing changes, the draft Notification submitted by the Excise Commissioner has been approved and sent to the Press for publication.

5. The results of the sales should be reported on or before the 1st July next, with explanations for rise or fall as compared with the figures of the last three years. The prescribed tabular statement should accompany the report.

L. ANANTASAMI RAO,
Offg. Chief Secretary.

Sale of Arrack Vend Farms for 1895-96.

Notification No. 15941—*R. F.* 210-92, *dated 29th March* 1895.

1. It is hereby notified by the Government of Mysore that the exclusive privilege of selling Arrack in the defined tracts specified in the subjoined schedule for the twelve months beginning with 1st July 1895 and ending with 30th June 1896 will be sold by the respective Deputy Commissioners or by Assistant Commissioners specially authorized by the Deputy Commissioners for the purpose, at the Head-quarters of the Shimoga District for that District, and at the Taluk Head-quarters in the other Districts, on the dates specified in the said schedule, subject to the conditions hereinafter set forth. If the sales are not completed on those days, they will be continued on the next following days. Should there be no bids for any of the aforesaid tracts singly, the officer conducting the sale may revise the tracts at discretion, clubbing together more than one tract, or selling the tracts by taluks, or if necessary, reserving special tracts in which there may at present be no shops, for disposal afterwards.

2. The exclusive privilege above described will be put up to auction, farm by farm, and each farm put up to auction will be knocked down to the approved highest bidder, subject to formal confirmation by the Deputy Commissioner, who will be at liberty to accept or reject the bid at discretion. Such formal confirmation will be tantamount to an acceptance of the bid.

3. Parties intending to bid must attend either in person or by duly authorized agents. The successful bidder must, on the farm being knocked down to him and before the next farm is put up for sale, deposit a sum equal to one-twentieth of the amount of his bid, and within fifteen days of the confirmation of the sale having been notified to him by the Deputy Commissioner in writing, he must deposit such further sum as, with the former deposit, will make up an aggregate sum equal to two months' rent, and if he fails to do so, the deposits already made will be forfeited, and the exclusive privilege will be immediately resold or otherwise disposed of as the Deputy Commissioner may direct.

4. Resales effected under para 3 will be at the risk of the defaulting bidder who will forfeit all gain, and in the event of a loss by the resale, will make good the deficiency between the total amount payable by him for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale ; and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

5. The purchaser of the exclusive privilege shall sign an agreement binding himself to observe the conditions hereinafter set forth, and the agreement shall be executed within ten days of the expiry of the period of fifteen days above mentioned. If the purchaser fails or refuses to sign the agreement, all deposits already made will be forfeited ; and the exclusive privilege will be resold at the risk and loss of the first purchaser as set forth in paras 3 and 4, or be otherwise disposed of. In the case of the purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

6. A statement showing the details of consumption of Arrack in the shops of the existing farms will be shown to the intending bidders at the time of sale. The amount of rental and the consumption of each Farm for three years 1892-93, 1893-94 and 1894-95 are specified in the appended schedule.

7. As soon as the agreement has been executed, the Deputy Commissioner will issue a license in the prescribed form, assigning to the purchaser the exclusive privilege referred to therein, subject to the following conditions :—

(1) The exclusive privilege shall extend only to the sale of Arrack ordinarily of 20° Under-proof, and with the special permission of the Deputy Commissioner or other officer authorized by him, to the sale of 30° Under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasuries on printed chellans furnished for the purpose by Government, in equal monthly instalments commencing from 1st July 1895 ; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the said month. If default is made, the Amildar shall declare by record in writing that the license is forfeited and shall resell the farm before the last day of the month. The Amildar shall be at liberty to break up a defaulting farm into the existing number of shops within it, to give each separate shop-keeper a license for the rent he agrees to, provided the total of such rents is not less than what the defaulting farmer had agreed to pay.

(3) Failing payment of each monthly rent on or before the 20th of the said month, the deposit made by the licensee of two months' rental shall be forfeited after adjustment of any deficits arising from resale as per condition (2) above. The said deposit will be taken in adjustment of the demand for the last two months of the period for which the farm is held.

(4) (*a*) The licensee shall purchase Arrack for issue to his shops from Messrs. Parry and Co., who have been appointed Manufacturers of Arrack and other country spirits to the State, or from any Bonded Depôt established under the sanction of Government. The rate to be charged by the said Manufacturers for arrack supplied by them, shall be 10½ annas per gallon of 20° Under-proof, and proportionate rates for lower strengths in accordance with Casella's rules. The licensee shall sell arrack to the public at Rs. 5—5—0 per gallon of 20° Under-proof, and at proportionate rates for lower strengths.

(*b*) The above rate to be charged by the Manufacturers, is in addition to excise duty which shall be prepaid into the local Government Treasury, as per following condition (5) at Rs. 4, before the removal of arrack from the Distillery, or from any Bonded Depôt established under the sanction of Government.

(5) The licensee shall pay the above duty into the local Taluk Treasury and obtain a receipt in the prescribed form. On production of such receipt and an indent for the supply of Arrack covered by the receipt, and on payment of the prescribed price of such arrack to the Manufacturers or their agent, or any person appointed by Government on this behalf, the Assistant Supervisor or other officer in charge of the Distillery or the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the Treasury Officer's receipt which will be forwarded to the Excise Commissioner's Office under the endorsement of the Assistant Supervisor or other officer or Bonded Depôt-keeper aforesaid as to the date and hour when the arrack was issued. The Assistant Supervisor or other officer aforesaid shall issue a pass in duplicate in the prescribed form, under the rules in force for the transport of the arrack from the Distillery or Warehouse. The licensee who obtains Arrack from a Bonded Depôt shall pay both the price of arrack and duty into the local Taluk Treasury.

(6) The licensee in the Bangalore District shall maintain at a place or places within his farm where it may be considered necessary by him and the Deputy Commissioner, a Depôt or Depôts to which all arrack purchased by him shall be conveyed in the first instance for verification, &c., of the consignment under the rules in force, before issue to the shop-keepers. The Depôts shall at all times be open to inspection by the Deputy Commissioner or any officer of the Excise Department. No such Depôt shall be opened without a license from the Deputy Commissioner in the prescribed form. The licensees in the remaining seven Districts will draw their supplies from, and deposit the same for issue to their shops in, the existing Bonded Depôts, the cost of the establishments and rent whereof being paid by them as at present.

(7) The arrack shall be sold as issued from the Distillery, Bonded Depôt, or Farm Depôt and shall not be adulterated or diluted in any manner in the shops.

(8) The licensee shall keep true accounts of the quantity and strength of the arrack purchased by him and issued to shop-keepers. The passes issued with the liquor purchased by him shall be subject to examination and check under the Rahadari rules in force or which may be issued by Government from time to time.

(9) The arrack shall not be sold except in shops duly licensed by the Deputy Commissioner in the prescribed form, and no new shops shall be opened without the previous sanction of the Excise Commissioner.

(10) The Deputy Commissioner may, whenever he thinks fit, direct any shops to be closed, or permit transfers of shops from one place to another.

(11) The licensee shall not, during the term of the license, have any interest in the exclusive privilege of vending toddy in any part of the farm to which the license relates, nor permit any person having interest in the exclusive privilege of vending toddy in any part of the farm, to hold any share or interest in his exclusive privilege of selling arrack; nor shall he, during the term of his license, without the written permission of the Excise Commissioner, have any interest, direct or indirect, in any Arrack farm in any Districts of the Madras or Bombay Presidency under the British Government or in any other Foreign State or Territory.

(12) The licensee shall be bound to take over any arrack which may remain as stock in hand belonging to the out-going farmer on the 1st July 1895 in the existing Bonded Depôt in his farm or in the Farm Depôt or in his shops, paying to the old farmer such compensation for the same as may be fixed by the Excise Commissioner.

(13) The licensee shall be bound by the provisions of the Excise laws and rules in force or by any additional rules which may from time to time be prescribed under the Excise laws. The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the prescribed forms of accounts and permits or passes for the transport of arrack, which forms shall be purchased from the local Excise Officers.

(14) The Farm shall not be transferable except with the permission of the Excise Commissioner.

(15) Resignations of Farms in whole or part will be summarily rejected by the Deputy Commissioner.

8. In case of any breach of the aforesaid conditions or of the license either by the licensee, or with his connivance or privity by any person in his employment, or in the event of the licensee

neglecting to open his shops or to carry on the business of his farm with due care and attention, t shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding the um of Rs. 50 for every such breach of such conditions or for such neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license nd resell the exclusive privilege at the risk of the licensee or to place the farm under the management of Government; and all loss thereby caused, together with all losses accruing to Government in onsequence of the licensee's neglect to carry on his business by opening his shops on 1st July 895, should be made good by the licensee. When a farm is cancelled, the rent for the whole period f the farm shall become due at once. All the amounts of such penalties and loss shall be recovered in he same manner as if they were the arrears of land revenue.

9. The imposition of a fine or the forfeiture of deposit or the cancellation of the license under he last preceding condition shall not be held to prevent the prosecution of the licensee or his agents r employés for any offence punishable under the Excise laws for the time being in force.

By order,

L. ANANTASAMI RAO, *Offg. Chief Secretary*

No. 15941A—*R. F.* 210-92, *dated the 29th March* 189 .

1. Notice is hereby given that the right of selling Arrack in each of the separate shops in th tracts specified in the subjoined schedule, for the twelve months beginning with 1st July 1895 an ending with 30th June 1896, will be put up to public auction on the dates and at the places name in the said schedule, by the Deputy Commissioner or other officer authorized by him.

2. Each bidder at the auction will deposit a sum of Rs. 60 or such other reasonable amount a may be fixed by the officer conducting the sale, previous to bidding. The shops will be knocked dow to the approved highest bidder, subject to the formal confirmation by the Deputy Commissioner wh will be at liberty to accept or reject the bid at discretion without assigning reasons for the same Such formal confirmation will be tantamount to an acceptance of the bid. Parties intending to bi must attend either in person or by duly accredited agents.

3. As soon as the auction is completed, the deposits made by the unsuccessful bidders and no forfeited as hereinafter provided will be returned to them. As the auction proceeds, the person whos bid is accepted for each shop shall at once deposit a sum equal to $\frac{5}{8}$ths of a month's rent for tha shop. Should he fail to do so, the deposit made by him under para 2 will be forfeited, the shop wil at once be put up again on the above conditions, and he will be debarred from bidding again for th same or for any other shop.

4. Persons to whom shops have been knocked down, and who have made deposits as provided in paras 2 and 3 shall also, within seven days from the date of the auction, deposit such further sum as with the first and second deposits, will make up an amount equal to two months' rent of each shop knocked down to them; and shall take out licenses and execute counterpart engagements, in the pre scribed form, on the conditions hereinafter set forth. On the failure of any person to make the deposit or to take out licenses or to execute counterpart engagements, as aforesaid, the shop or shops will be resold at the risk of such person, or if the auction hereby notified has already been completed, will be otherwise disposed of at the discretion of the Deputy Commissioner. In the case of purchaser's death after the confirmation of the sale, it will be binding on his heirs or assigns.

5. Resales effected under para 4 will be at the risk of the defaulting bidder who will forfeit all gain; and in the event of a loss by resale, he will make good the deficiency between the total amount payable for the whole period under the terms of the original sale and the total amount payable by the successful bidder at the resale. In the latter case, the forfeited deposit will be deducted from the loss arising from the resale, and the remainder, if any, will be recovered from the bidder in the same manner as if it were an arrear of land revenue. Should, however, the forfeited deposit be greater than the loss by resale, the whole of such deposit will be credited to Government.

6. A statement showing the details of the consumption of arrack at each shop will be shown to the intending bidders at the time of sale. The amount of rentals and consumption of each shop for 1892-93, 1893-94 and 1894-95, is specified in the appended schedule.

7. The license to be taken out under para 4 above shall be subject to the following conditions, namely:—

(1) The privilege conferred by the license extends only to the sale of arrack of the strength of 20° Under-proof. But it shall not extend to the sale of double-distilled country spirits and other special liquors of whatever strength manufactured at the Government Central Distillery, Bangalore, and which the Foreign liquor shop-keepers alone are permitted to sell.

(2) The amount for which the privilege has been purchased shall be payable into the local Government Treasury in equal monthly instalments commencing from July 1895; each instalment shall be regarded as the rent for the month in respect of which it is payable. Each month's rent shall be payable on or before the 20th of the said month. If default is made, the Amildar shall declare by record in writing that the license is forfeited and resell the shop before the last day of the month. Failing payment of each monthly rent on or before the 20th of the said month the deposit made by the licensee of the two months rental shall be forfeited after adjustment of any deficits arising from such resale. The said deposit will be taken in adjustment of the demand for the last two months of the period for which the shop is held.

(3) The licensee shall purchase the arrack to be sold in his shop from Messrs. Parry and Co., who have been appointed Manufacturers of arrack and other country spirits to the State, at the rate of 10½ annas per gallon of 20° Under-proof delivered at the Distillery, or from a Bonded Depôt established under the sanction of Government. The arrack shall be sold to the public by the licensee at Rs. 5-5-0 per gallon of 20° Under-proof.

(4) The licensee of every shop in the Towns of Bangalore and Mysore shall pay a registration fee under the Municipal Regulation, at the rate of Rs. 180 per annum in advance for the period of the license for his shop; and he shall pay also a license fee of 4 annas per gallon on all arrack sold by him in excess of 55 gallons a month in each.

(5) The above rate to be charged by the Manufacturers and fees are in addition to the Excise duty which shall be prepaid as per following condition (6), at the prescribed rate of Rs. 4 per gallon of 20° Under-proof, before the removal of the arrack from the Bonded Depôt established under the sanction of Government.

(6) The licensee shall pay the above duty and price to a Shroff appointed on this behalf at the cost of the licensee, and located at the Bonded Depôt established for the convenience of the "separate shops," and shall obtain a receipt in the prescribed printed form. On production of such receipt and an indent for the supply of the arrack covered by the receipt, the Bonded Depôt-keeper shall issue the quantity of arrack equal to the amount of duty shown in the said receipt which will be forwarded to the Excise Commissioner's Office under the endorsement of the Bonded Depôt-keeper aforesaid, as to the date and hour when the arrack was issued. The Depôt-keeper aforesaid shall issue a pass in the prescribed form for the transport of arrack from the Bonded Depôt.

(7) The licensee shall use such measures as may from time to time be prescribed by Government, and provide himself with the printed forms of accounts and permits or passes for transport of arrack, which forms shall be purchased from local Excise officers.

(8) Resignations of shops in whole or part will be summarily rejected by the Deputy Commissioner.

(9) The licensee shall be bound by the rules in force, and which may be issued from time to time by Government.

(10) The remaining terms and conditions shall be as set forth in the prescribed license.

8. In case of any breach of the above conditions either by the licensee, or with his connivance and privity, by any person in his employment, or in the event of the licensee neglecting to open his shops or to carry on his business with due care and attention, it shall be competent to the Deputy Commissioner to impose upon the licensee a fine not exceeding Rs. 10 for every such breach or neglect, or at the option of the Deputy Commissioner to declare the money deposited with him forfeited, and to cancel the license and to resell the privilege at the risk of the licensee; and all loss thereby caused, together with the loss accruing to Government in consequence of the licensee not carrying on his business by opening his shop on 1st July 1895, shall be made good by him. When a farm is cancelled, the rent for the whole period of the farm shall become due at once, which shall be recovered together with all losses as if they were arrears of land revenue.

9. The penalties laid down in the last preceding clause shall not exempt the licensee or his employés from prosecution for any offence committed against the Excise laws or rules in force.

By order,

L. Anantasami Rao, *Offg. Chief Secretary.*

Proceedings of the Government of Mysore.

READ :—

Letter No. 1296—107 dated the 22nd October 1894 from the Inspector General of Forests and Plantations in Mysore, to the Chief Secretary to the Dewan of Mysore.

No. 15228—R. F. 155-92, DATED BANGALORE, 15TH MARCH 1895.

ORDER THEREON.—With the letter read above, the Inspector General submits for sanction a copy of Notification containing rules for the sale of sandalwood and timber by public auction in Mysore, with additions to paras 4 and 5 of the Sandalwood rules, as directed in Government Proceedings No. 3770-71—R. 497 dated 21st August 1894. The additions provide for the payment of deposit money into the State Huzúr Treasury by intending large and recognized purchasers residing in places outside the Province, by means of currency notes sent by post to the address of the officer in charge, or by remittances through the Madras Bank, or cash paid into the Treasury by their agents, in order to avoid the inconvenience of carrying large sums of money from place to place. The additions further provide that such deposits will not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others. Mr. Ricketts also proposes an addition to para 7 of the Timber sale rules and to para 8 of the Sandalwood rules, authorizing him to remit any portion of rent on proper grounds being shown, in order that he may be enabled to dispose of all trivial cases connected with the Wood-yard and Kóṭ'hí rent without referring to Government.

2. The Government are pleased to sanction the aforesaid additions; but in regard to the Kóṭ'hí rent to be remitted, the Inspector General's discretion will be restricted to a limit of three months' rent.

3. The rules thus amplified will be published in the Mysore Gazette, as under, in supersession of those published under Notification Nos. 7953—155-92 and 7954—155-92 dated the 29th November 1892

4. With regard to the Notification issued by the Inspector General on the subject of annual auction sales, a copy of which was received with the letter under reference, Government observe that full terms of the sales should be annually published, a mere reference to an old Notification not being sufficient.

V. N. NARASIMMIYENGAR,
General Secretary.

REVENUE—FOREST.

Notifications.

No. 15229—R. F. 155-92 DATED 15TH MARCH 1895.

In supersession of all existing rules on the subject, the following revised rules or the sale of timber and bamboos by public auction have been approved by the Government of Mysore, and are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in charge of the District or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and resold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay imme-

diately twenty-five per cent of such amount as a deposit into the Taluk treasury at the place, or if there is no such Treasury, to pay the same into the nearest Taluk treasury before the close of the 3rd or 5th day from the date of the sale as circumstances may require, regard being had to the distance of the Taluk treasury. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the Forest Officer at once if the Treasury is at the place of sale, and if otherwise, before the close of the fifth or eighth day from date of sale as fixed. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to resell all or any portion of the timber and bamboos purchased by such defaulter, who shall be required to make good any loss, but shall not participate in any profit on such resale. The amount due by such defaulter shall be recovered as a revenue demand.

5. The whole quantity purchased by each purchaser must be paid for within 30 days from the date of sale or within such further period not exceeding 90 days from the date of sale under the special orders of the Inspector General of Forests; failing which, the deposit money already paid in shall be forfeited to the Government and the wood or bamboos not paid for shall be resold. Moneys due may be paid into the Treasury of the Taluk in which the Wood-yard is situated, or into the District Treasury, but into no other, except in cases where the merchants are permitted to pay into any other Government Treasury.

III.—Delivery of Wood.

6. No wood can be removed by any purchaser until it has been paid for in full and until a "license to remove" shall have been obtained from the Forest Officer.

IV.—Wood-yard Rent.

7. Timber and bamboos paid for under the preceding sections may be removed at any time within 30 days from the date of sale, or within such further period not exceeding 90 days from date of sale, as may be fixed by the Forest Officer, as the circumstances of each case may require, without payment of Wood-yard rent; but if left in the Wood-yard longer than 90 days from date of sale, such timber or bamboos shall be charged with Wood-yard rent at 12 per cent per annum on the amount of purchase money from date of sale. If the wood or bamboos be not removed within six months from date of sale, the same shall, after ten days' notice to the purchaser, be sold by public auction for the recovery of rent and cost, after due publicity of the sale, subject to full payment at once and immediate removal, and the balance of sale proceeds, if any, shall be paid to the original purchaser. If before such sale is concluded, the original purchaser tenders the rent due and cost, he shall be allowed to remove his wood or bamboos. The Inspector General of Forests may remit any portion of rent not exceeding 3 months' rent in any case on sufficient grounds being shown.

V.—Licenses to remove.

8. No wood can be removed from the Wood-yard till a "license to remove timber and bamboos," signed by the Forest Officer in charge of the District shall have been obtained; and all holders of such licenses shall be bound to abide by the conditions laid down in such licenses. Any trader or other person infringing the terms of his license, or not returning his license on the expiration of the time allowed, shall be liable to be dealt with under the conditions prescribed in section 40 of the Mysore Forest Rules, All time-expired licenses shall be considered as null and void; and extension of time shall not be granted, except on the ground of special and cogent reasons and under Deputy Commissioner's orders.

VI.—General.

9. The Forest Officer shall be at liberty, with the concurrence of the Deputy Commissioner or the officer deputed by the Deputy Commissioner, if such be present, and failing their presence, on his own responsibility, to stop the sale at any time without giving any reason to the intending purchasers.

No. 15230—R. F. 155-92 DATED 15TH MARCH 1895.

In supersession of all existing rules on the subject, the following revised rules for the sale of sandal-wood by public auction in Mysore have been approved by the Government of Mysore, and are published for general information :—

I.—Procedure.

1. Every auction sale shall be held by the Forest Officer in conjunction with the Deputy Commissioner of the District, or other officer deputed by the Deputy Commissioner.

2. The highest bidder shall be the purchaser. Should any lot be disputed, it shall be again put up and resold.

3. Each purchaser shall, immediately after a lot has been knocked down to him, sign his name, opposite the number and specification of the lot bought by him, in a book provided for the purpose. Such signature shall be held as an admission on his part of having bought such lot. The lot thus sold shall remain intact till weighment by the Forest Officer under para 6 of these rules.

II.—Payments how to be made.

4. Immediately after the sale, each purchaser will be furnished with a memo showing the total amount due by him and with a letter of advice to pay immediately 25 per cent of such amount as deposit into the Taluk treasury at the place, or if there is no such Treasury, to pay the same into the nearest Taluk treasury before the close of the third day from the date of sale. A receipt for the deposit money will be granted by the Treasury Officer and must be presented to the Forest Officer before the close of the fifth day. The Forest Officer will initial the receipt and enter on its face the date of presentation. Should any purchaser fail to comply with this regulation, the Forest Officer shall be at liberty to resell forthwith all or any portion of the sandal-wood purchased by such defaulter who shall bear any loss, but shall not participate in any profit that may arise. The amount due by such defaulter shall be recovered as a revenue demand. To meet the convenience of intending large and recognized purchasers, deposits in advance will be received from them in currency notes sent by post duly registered to the address of the "Officer in charge of the State Huzúr Treasury, Bangalore," or by remittances through the Madras Bank in favor of that Officer or cash paid into that Treasury. Such deposits do not bind the Forest Department to sell the wood to the depositors or to show them any indulgence which is not shown to others or to exempt them from their liability to these rules. The Officer in charge of the Huzúr Treasury shall give intimation to the Inspector General of Forests, of all receipts of deposits the same day they are credited at the Treasury, for communication to the Forest Officers concerned, and adjust such deposits as instructed by the Inspector General of Forests. Unutilised deposits shall be returned to the party concerned on the certificate of the Inspector General of Forests.

5. The whole quantity purchased by each merchant must be paid for within 30 days from the date of sale. Failing which, the deposit money already paid in shall lapse to the Government and shall not be counted as part payment. The sandalwood not paid for shall be resold. Moneys due may be paid into the Treasury of the Taluk in which the Kóṭhí is situated, or into the District Treasury, but into no other, except in cases where the purchasers are permitted to pay into any other Government Treasury. Depositors under the above para may pay into the Huzúr Treasury the balance due for their sandal-wood purchases at each Kóṭhí, and the receipt granted by the Huzúr Treasury on that account shall be regarded by the Officer selling as payment. The Huzúr Treasury Officer shall give intimation of all such payments to the Inspector General of Forests for communication to Forest Officers concerned.

III.—Weighing out and Delivery of Wood.

6. The Forest Officer or, in his absence, any other officer deputed by the Deputy Commissioner shall personally weigh out the whole quantity of wood bought by each purchaser, and this weighing out of the wood sold in each Kóṭhí must be completed within three months from the date of sale. When weighing, should any surplus

The following papers relating to the collection and preparation of sandalwood, belonging to ubramanya Maṭ'h in the Halasur and Heggóvé Inam Villages in the Manjarabad Taluk :—

Letter No. 770 dated 11th February 1892, from the Deputy Commissioner, Hassan District, inging to notice that previous to the issue of Notification No. 28 dated 29th July 1872, namdars, entitled by the terms of their Sanads to the sandalwood produce of their villages, ad the privilege of preparing the sandalwood in their estate and carting the same under ahadaris issued from Government officers, that this system has been modified by authorizing orest officers to prepare and dispose of the wood in the Kóṭ'hi and to pay the proceeds to the namdars after deducting all charges, and recommending that in the case of Subramanyasvámi of ukhé, Inamdar of Hulasur and Heggovai Villages in the Manjarabad Taluk, the old practice ay be permitted, as the carting and preparation of the wood at the Kóṭ'hi, 25 miles from the illages and taking the same again to Subramanya would entail unnecessary additional charge.

Letter No. 4088—284 dated 22nd April 1893, from the Inspector General of Forests in ysore, submitting copies of certain correspondence, and stating that it is desirable that an enuneration of all mature and exploitable sandal trees standing in the villages in question should e taken, and the wood prepared and delivered with a pass-port to the Maṭ'h Agent, the cost of umeration, preparation, weighment and delivery being borne by the Maṭ'h; and that in addition, commission of 10 per cent should be recovered on the value of the sandalwood, calculated at ie last auction sale rates in the same way as is done in other cases of private sandal worked, ored and sold at the Government Kóṭ'hi, as a Forest officer has to be deputed to the Inam illages to do all that is necessary under the rules.

Letter No. 804—61 dated the 4th September 1894, from the same officer giving particulars s to cost of carriage from the Inam villages to the Kóṭ'hi and stating that he would not lvocate any deviation from the existing practice of the Forest Department collecting and reparing the sandalwood of the Inam villages at the Kóṭ'hi.

No. 15090-1—R. F. 547-92 DATED BANGALORE, 13TH MARCH 1895.

ORDER THEREON.—In the first of the letters read above the Deputy Commissioner of Hassan recommends compliance with the request of the Inamdar ubramanyasvámi at Kukhé, to have all sandalwood, grown in his Inam illages, prepared in the said villages instead of in the Government Kóṭ'hi at lassan and sent to Subramanya direct, on the ground that the wood is required olely for the use of the Maṭ'h and not for sale.

2. The Inspector General of Forests is of opinion that an enumeration hould be made of all mature sandalwood trees standing on the Inam villages f the Maṭ'h; that the wood required by the Maṭ'h should be collected and repared by the Forest Department under existing rules, and the cost of reparation, removal, &c., plus a commission of 10 per cent on the value of he sandalwood, calculated on the rates obtained at the last auction, should be ecovered from the Maṭ'h, and the wood allowed to be removed by the Maṭ'h gents under a free pass.

3. The Government regret that they cannot accede to the wishes of the ara of the Maṭ'h, as any deviation from the existing practice or any relaxation f the rules contained in the late Chief Commissioner's Notification No. 28 ated 29th July 1872, may lead to abuse and smuggling, which in the interests f Government must be guarded against. The Government, therefore, approve f the suggestions of the Inspector General and direct that all sandalwoo required by the Maṭ'h be collected, as heretofore, by the Forest Department and repared at the Government Kóṭ'hi and removed therefrom under a free license, he charges incurred, as well as the commission of 10 per cent referred to above, eing paid by the Maṭ'h.

Docket No. 82—74, dated 30th July 1894, from the Deputy Commissioner, Chitaldroog District, quiring if the order contained in Government Proceedings No. 9966-75—R. F. 98-93, dated the st December 1893, regarding the sale of minor forest produce of the Amrut Mahal Kavals ong with that of Government forest tracts, refers also to applications for collecting and moving "Tangadi bark" from the said Kavals, and stating that hitherto such applications re received by the Amildars and forwarded to the Amrut Mahal Department, where licenses ed to be issued and fees collected, and that the Amrut Mahal officer in a recent case from the allakere Taluk having referred the matter to him, a license has been issued by him pending al orders of Government on the subject in question.

No. 15880-89—R. 2275 DATED, BANGALORE, 27TH MARCH 1895.

ORDER THEREON.—Para 3 of Government Proceedings No. 9966—75 of the 21st ecember 1893, lays down the rule that the minor forest products of Amrut Mahal

Kavals should be sold, together with those on Government lands and forests. The bark of the Tangadi shrub is undoubtedly an item of "Minor Forest Produce" and should, therefore, be dealt with in the same manner as other minor products.

2. In granting licenses for the purpose, precautions should be taken against the lessees unnecessarily interfering with the growth of, or causing any damage to the grass in the Amrut Mahal Kavals.

The following papers from the Inspector General of Forests and Plantations in Mysore, on the subject of the rights of the Public Cattle Department in the Amrut Mahal Kavals assigned to it near Hunsur :—

Letter No. 2571—200, dated 23rd February 1894, with 2 enclosures.
„ No. 2924—236, dated 9th April 1894, with 2 enclosures.
„ No. 3152—248, dated 7th May 1894, with 2 enclosures.

No. 16368-9—R. 2302, DATED BANGALORE, 21ST MARCH 1895.

ORDER THEREON.—In Government Proceedings No. 11866-75—Cir. 245, dated 18th January 1891, it was laid down that the rights of the Public Cattle Department in the Kavals assigned to it are restricted to grazing as determined

in the correspondence of 1882, and to the free appropriation of wood of the unreserved kinds, and *Matti* as conceded in Proceedings No. 22 dated 18th July 1890, for the *bona fide* purposes of the Department for fuel, sheds, enclosures and railings for the cattle and their attendants.

2. The officer in charge of the Hunsur Cattle Department brings to notice that this order is understood by some Revenue Officers as authorizing the Kaval tracts to be treated in the same manner as District Forests, and that Forest reproduction operations, such as dibbling sandal seeds, can be carried on on these tracts as in District Forests; that it leads to friction between the subordinates of his own department and those of Revenue and Forest departments of the Mysore State; and that while collecting minor forest produce and removing timber or sandal, the coolies employed may sometimes set fire to the Kaval grass, which may spread and destroy the grass standing on large tracts of Kaval lands. He requests that orders may be issued binding the collectors of forest produce not to set fire to Kaval grass, and that felling and removal of sandalwood may be conducted in such localities as are pointed out by him, and during such periods as may be agreed upon between his department and the local Forest Officers after the locality has been jointly inspected.

3. The Inspector General of Forests states that the dibbling will be stopped hereafter as there are still large tracts of District Forests and resigned Amrut Mahal Kavals yet to be operated on, and that eventually it may be found desirable to dibble here and there, and likewise to tap toddy trees in Public Cattle Kavals, but that these would only be done under mutual arrangements between the two departments as to time, manner and safe guards against friction. Mr. Ricketts further states that these kavals must be regarded as District Forests only for the purposes of revenue and forest offences, but not in respect of privileges exercised by raiyats in District Forests.

4. In reply to an enquiry made by Government as to arrangements concluded for the removal of scrub jungles from the Kavals in the possession of the Public cattle department at Hunsur, the Inspector General of Forests reported that in the beds of breached tanks and other similar localities within Kaval limits, many *bili-jali* and *mugali* trees have grown up, checking thereby the free growth of grass, and, to clear the kavals of these thorny trees, he has permitted the Officer in charge of the Cattle department to uproot them: that at first he suggested the levy of a fee of one Rupee for the Mysore Government on each cart-load so removed, but on a further representation from the Commissariat Officer, he thinks it desirable to forego the aforesaid fee: that this arrangement was made with the Commissariat Department in order to prevent any complaint from that quarter as to damage done to the Kavals by others entering it. When making this arrangement he also thought that the raiyats would not do the work of uprooting so well as the Commissariat Department, that *bili-jali* was not a wood-yielding tree, that the revenue if derived would not be much; that the Railway discarded it as useless for fuel, that its bark was superseded by yeast for fermentation in Distilleries and that the country around Hunsur abounded with many good species of firewood.

5. Under these circumstances, and with a view to encourage the growth of good grass in the Amrut Mahal Kavals assigned to the Public Cattle Department, the Government approve of the recommendation made by the Inspector General of Forests that the removal of *Mugali*, *bili-jali* and other thorny and valueless trees therefrom by private persons should be permitted free of seigniorage. But such removal should be allowed only under a license issued by the Amildar of the Taluk, specifying the locality from, and the time within, which the useless trees should be cleared.

6. Lessees of minor Forest produce should not be allowed to do anything, whilst removing the produce farmed to them, which is likely to injure the grazing in the Amrut Mahal Kavals.

7. The Inspector General of Forests is requested to depute, as proposed in para 5 of his letter No. 2924—236, dated 9th April 1894, one of his subordinate Officers to point out in consultation with the Cattle Depôt Superintendent, the localities to be operated upon in the manner proposed.

The following letter No. 2181—166, dated the 29th December 1894, from the Inspect General of Forests in Mysore, to the Chief Secretary to the Dewan of Mysore :—

With reference to para 2 of Government Proceedings No. 5361-9—R. F. 222-92, dated 14 September last, calling for further report on the method of teak growth pursued in Coorg Kumr I have the honor to forward, for the information of Government, copy of Mysore District Fore Officer's letter No. 219, dated 4th December 1893, together with copy of memo of Coorg Range Autchaiya received therewith. In course of my tour in January last in the Mysore District, I in spected the Coorg Kumri in company with Mr. Abdul Karim, the present District Forest Offic of Mysore, and noted the result of my observation in page 10 of the notes of inspection here appended.

2. The Coorg Kumri presented almost in appearance a regular teak plantation and wa undoubtedly a great success. This method of raising teak trees is both cheap and effective, an what has been done in Coorg will be borne in mind as to what should be accomplished i Mysore also. Necessary orders on the subject have been issued to the Forest Officers of Mysor and Shimoga Districts.

3. In his report for 1893-94, the District Forest Officer, Mysore, mentions that 10,000 tea seedlings were planted in different Takkals in the Berambadi Forest.

4. In the Shimoga District where the conditions are different, inasmuch as Kumri sites ar rented out, such sites being further situated on the borders of Western Ghauts, not reserved o protected by Forest staff, the District Forest Officer reports that only this year steps have bee taken to raise seedlings and plant out in Kumried fields.

Enclosure No. 1.

Letter No. 219, from the Assistant Conservator of Forests in Mysore, to the Deputy Commis sioner, Mysore District.

With reference to Inspector General of Forests' docket No. 1258—121, dated 21st ultimo, re questing to visit the Coorg Kumri in connection with teak planting and to submit a full repor on the same, I have the honor to state that I inspected the Kumri teak plantation in question o the 22nd idem in company with the Coorg District Forest Officers, and the results thereof are a follow :—

The stocked area in all measures about 37 acres, of which 15 were stocked in the monsoo of 1891, 12 in 1892, and 10 in 1893. The heights and girths of the above plants are as detailed in the subjoined table :—

1891.		1892.		1893.	
Height.	Girth.	Height.	Girth.	Height.	Girth.
8′ to 9′	1″ to 3″	1½′ to 4′	½″ to 1½″	Very small.	

All the plants are doing very well on the whole and the vacancies are inappreciable. The soil here is black loam and the rainfall varies from 45″ to 50,″ and the whole locality has a good drainage. As all these circumstances are very favorable for the growth of teak, the very good results in the plantation may chiefly be attributed to them alone.

Copy of memo, showing full particulars regarding the Kumri planting in Coorg, furnished by Ranger Autchaiya in immediate charge of the work, is enclosed.

Enclosure No. 2.

Propagation of Teak by Kumri Introduction.—The idea of sowing teak by Kumri was start ed by Mr. H. C. Hill, the then Officiating Inspector General, in 1890, when he inspected the Coorg Forests, and Mr. McKee supplied me with information how they raise teak in Burmah and directed me to try the different methods of preparing seed-beds and planting teak in Coorg. He also marked out areas in Mavakal, Nalkery and Hatghat Forests, only old Kumri lands being preferred.

Season and mode of felling.—First of all, mature trees are felled and logged and sent to the timber Depôt by the Department. Kurubars leave all good immature teak, honne, and bité trees for shade to the future crop of young teak and cut down everything else in December or January, *i. e.*, before the leaves are shed. They say that if trees at rest, *i. e.*, after shedding their leaves, are felled, they cannot get good burn at the end of February or middle of March, when they set fire to their future field. They set fire in the hottest part of the day, of course with broad check lines previously cleared and burnt around it. In course of an hour or so the burning is completed.

Lopping.—All unburnt wood is then lopped and burnt in heaps and field is kept ready for sowing at the early rains.

Sowing.—Ragi is sown by Kurubars at the beginning of rains, *i. e.*, generally in June or July, and the crop is kept clear of weeds until the time of harvest, *i. e.*, September or middle of October. We collect the teak-seeds and these are given to these jungle tribes. They sow them in raised beds 6 to 9″ high above ground and are often watered by them.

Transplanting.—Plants come up by July about 4 to 9 inches high and then they are transplanted in lines nine feet by four feet. We get enough of rainfall then for transplanting. If more plants are available, all the failures are supplied by the end of raining, *i. e*, in August and September.

Weeding.—No weeding is done by the Department during the first year. After harvest of ragi is over, the straw is left standing to protect the young teak during the next hot weather. During the second year, the plants that have survived are weeded in lines by the Department, and at the end of rains, they are counted, three or four plants at one stake being taken as one plant.

If more than 500 plants to the acre have succeeded, then the Kurubars are paid at the rate of one rupee for every hundred successive plants. If 500 or less plants have survived, then nothing is paid as reward to the cultivator.

These plants are freed from weeds until they grow tall enough not to be suppressed by weeds.

General remarks.—Different sorts of seed-beds were tried, and only those six to nine inches higher than surrounding ground proved best, for two reasons, namely, (1) bed was always porous and more plants came up, and (2) lifting up of plants for transplanting was easier.

Five to six seeds at the point of germination were tried at one stake. Though the seedlings came up alright, they were so small at the end of rains that they could not live through the next hot weather and therefore this plan was rejected. This method is not resorted to now except in case of emergency, when seedlings are not available.

Fifteen acres were tried in 1891 in Mavakal and about 12,500 plants are growing there vigorously now, and twelve acres were tried in 1892 in the same Forest and 13,000 plants have survived.

Twelve acres more were felled and teak plants have been put in this year in Mavakal and about twenty acres have been Kumried in Karnad (Western Hotghat) during the current season.

Enclosure No. 3.

Extract from pages 9 and 10 of the inspection notes of the Mysore District by Mr. L. Ricketts, Inspector General of Forests in Mysore.

* * * *

12. Teak seed sown in Kumried fields by Bett Kurubars of Teukal Hadi showed a very poor result. That very convenient excuse, namely, a break in the monsoon, was assigned as the chief cause; but the true reason so far as the Inspector General could judge, is indifference on the part of the Forest Officers in this District, to the success or otherwise of a most interesting experiment which is now being carried out in the neighbouring province of Coorg with marked success. Instructions were given to put down nursery seedlings of teak instead of sowing the seed thereof when carrying on this operation in the coming season. It was surprising to find that Mr. Sitaramaiya had not even selected sites for such operations.

13. It may not be out of place here to give a few particulars of teak planting in a Kumried area in the Coorg Mavakal Forest, recently visited by the undersigned.

(*a*) In 1891, about fifteen acres of Kumri was planted out, with young seedlings of teak, about 6 inches in height in lines, 9 feet apart and 4½ feet from plant to plant in the line. This was done while the ragi crop was on. Before the rains of 1892, this area was weeded out partially at a cost of Rs. 24 and 12,110 plants counted over the whole area and paid for at one rupee per hundred plants. These plants are now from 3 to 8 feet in height, having had three seasons' growth. The seedlings are doing very well on the whole.

(*b*) During 1892, ten acres were tried, and 12,000 plants were counted and paid for at rupee one per hundred. Both this and the preceding year's plants were weeded out in lines at a total cost of Rs. 25-12-0. The plants with two seasons growth or from 2' to 5' in height.

(*c*) In the current year, ten acres have been similarly treated and the seedlings are from 3' to 6'. They have not yet been counted and paid for.

(*d*) The total cost incurred up to date for rearing 24,401 plants is Rs. 294-5-3.

(*e*) For practical purposes, apparently, no better or cheaper system of propagating teak trees in large numbers than that above described could be devised. Future expenditure, limited to suppression or eradication of bamboos and undesirable undergrowths would not amount to much.

Proceedings of the Government of Mysore.

READ :—

Letter No. 5532—320, dated the 22nd September 1894, to the First Assistant to the Resident in Mysore.

With reference to your letter No. 2359—213-94, dated 9th ultimo, enquiring what practice is at present observed in the Mysore State in regard to the registration of thefts committed on Railway trains, I am directed to state that the existing rule in Mysore is that a theft in a Railway train is taken on the Police Registration of the jurisdiction in which the report of the occurrence is made, and duly investigated. If, on investigation, it is found that the theft really occurred outside the State, then it is struck off the Mysore Register, intimation where necessary being given to the Police of the place of the occurrence, the complainant being also referred to the Police of that place.

Also letter No. 650—213-94, dated the 26th February 1895, from the First Assistant to the Resident in Mysore.

With reference to your letter No. 5532—J. 320, dated the 22nd September 1894, I am directed to state for the information of the Darbar that after consulting the other Local Governments and administrations, the Government of India have arrived at the conclusion, to which most of the authorities consulted incline, that it is not desirable to lay down a general rule on the subject. It appears possible that a fixed rule might often be misunderstood or wrongly applied by the local police, and the Government could not by any general rule provide against differences of opinion on the question whether there was sufficient proof that the offence was committed within a particular jurisdiction.

2. I am to add, however, that the practice followed in the Madras Presidency and in Bengal appears to the Governor-General in Council to be one which might be properly followed elsewhere. The Madras practice, as described in the reply from that Government, is "to record thefts committed on Railway trains in the register of the Police station at which report of the occurrence is made. If, however, in the course of investigation, the locality at which the crime was committed is ascertained beyond reasonable doubt, the crime is transferred to the register of the station within the limits of which it occurred." The practice in force in Bengal is similar, and is thus stated :—

The practice on the East Indian Railway, Bengal and North-Western Railway, and Bengal-Nagapur Railway is for the Police to take cognizance of cases at the places at which they are reported. If on enquiry it appears that the cases have been committed in another Province, they are handed over to the Police of that Province, a report being made to the Local Magistrate. Cases of which the place of occurrence is doubtful are generally registered where reported. On the Eastern Bengal Railway, which has no connection with any other Province, as well as on those portions of the East Indian Railway and connected lines falling within Lower Bengal, cases are generally taken up in the District in which they are reported, and they are only transferred if it is ascertained on enquiry that the offences were actually committed in another District.

ORDER THEREON.—The letter from the First Assistant to the Resident in Mysore, read above, will be communicated to the Inspector General of Police in Mysore for his information and guidance and for issue of the necessary instructions to all Police officers.

READ :—

Letter No. 47, dated the 18th July 1894, from the Deputy Commissioner, Hassan District :—

I beg to submit the following case for the orders of Government—

The Amildar of the Holè-Narsipur Taluk requires instructions as to—

1. whether he is empowered to issue a warrant for the arrest of any person failing to obey a summons issued by him at the request of a Sub-Registrar.
2. whether such summons or warrant can be sent to the officers in Her Majesty's territory for execution and who are the proper officers in such Territory.
3. whether the Sub-Registrar has to apply for such summons or warrant to the Amildar of the Taluk, within whose limits of jurisdiction his office is situated or whether he should apply to the Amildar of the Taluk in which the party to be summoned or arrested is living. If such person is living in Her Majesty's territory, has the Sub-Registrar by himself to look to the proper officer asked for under query 2.

2. The law bearing on the subject is as follows:—

Section 36 of the Registration Act reads thus:—

> "If any person presenting any document for registration or claiming under any document which is capable of being so presented desires the appearance of any person whose presence or testimony is necessary for the registration of such document the Registering officer may, in his discretion, call upon *such officer or Court as the Local Government from time to time directs, in this behalf*, to issue a summons requiring him to appear at the Registration office, either in person or by duly authorized agent, as in the summons may be mentioned and at a time named therein."

3. As regards the words italicized in the above, the Inspector General of Registration has issued the following circular—

> "Circular No. 1 of 1879-80, dated 4th July 1879.—The Inspector General of Registration has the honor to draw the attention of the Registering officers in Mysore and Coorg to the Chief Commissioner's Notification No. 89, dated 27th June 1879 published in Mysore Gazette, Part I, page 209 of the 28th idem, directing under section XXXVI of Act III of 1877 (Registration Act), that the Amildar of the Taluk within which *a* Sub-Registrar's office is situated shall be the officer upon whom the Registration officer may call to issue a summons, requiring the appearance at the Registration office of any person whose presence or testimony is necessary for the registration of a document."

In the event of failure to comply with such summons as aforesaid, Rule 48 requires the Registering officer to give information of the same to the officer who issued the summons and that he would proceed to compel the attendance of such person under the law in force.

4. By section 39 of the Registration Act, the law in force for the time being as to summonses, commissions and compelling the attendance of witnesses, and for their remuneration in suits before Civil Courts shall, save as aforesaid and *mutatis mutandis* apply to *any* summons or commission issued to any person summoned to appear under the provisions of the Registration Act.

5. As regards the issue of notices, summonses, warrants and commissions to persons residing in the Madras Presidency, the Inspector General of Registr ation has issued the following circular to all the Registering officers:—

> "Circular Memo No. 8, dated 16th December 1874.—Doubts having been entertained as to the procedure to be adopted when a Registering officer in Mysore has occasion to issue a summons or warrant upon a person residing within the jurisdiction of the Madras Presidency, the Inspector General of Registration, having consulted the Judicial Commissioner on the subject, has the honor to point out that, under orders of the Government of Madras (*vide* Fort Saint George Gazette, dated 30th June 1871) as contained in the rules framed under section 69 of the Registration Act, the application for the purpose should be made to the Sub-Magistrate of the place within whose jurisdiction the person may be residing. When a commission has to be issued under section 38 of the Registration Act, to parties residing within the Madras Presidency, it should be directed to the Registrar of the District in which they are residing."

6. Under section 196 of the Mysore Land Revenue Code, every Revenue officer not lower in rank than a Deputy Amildar has power to summon any person either to be examined as a party or to give evidence as a witness or to produce documents for the purpose of any enquiry which he is legally empowered to make. It is nowhere provided in the Mysore Land Revenue Code that on failure to comply with such summons, an Amildar is competent to compel and enforce the attendance of witnesses under Chapter XIV of the Criminal Procedure Code. There is however a mention in Rule XLIII of the Mysore Land Revenue Rules, framed under section 205 of the Land Revenue Code that the provisions of the Code of Civil Procedure shall be followed in cases not provided for by the Revenue Code or Rules. But I doubt if this provision is applicable to the question at issue.

7. Under the circumstances above represented, I now beg to be instructed.—

(1) "Whether an Amildar is competent to compel and enforce the attendance of any person under Chapter XIV of the Civil Procedure Code of 1882 on an application being made to him by a Sub-Registrar for the attendance of any person whose presence or testimony is necessary for the registration of a document, if such person had been summoned by the Amildar at the request of the Sub-Registrar and if such person failed to comply with such summons.

(2) Whether circular memo No. 8, dated 16th December 1874, issued by the Inspector General of Registration, as regards the issue of notices, summonses, warrants and commissions to persons residing in the Madras Presidency is repealed by the Registration Act of 1877, though section 2 of the Act declares that Act No. VIII of 1871 is repealed but all notifications, rules and orders made under such Act shall be deemed to have been made under this Act, except in so far as such rules and orders may be inconsistent herewith."

If the circular memo referred to is cancelled, what is the procedure to be adopted in such cases, and who shall be the proper officers to whom requisitions must be made?

(3) Whether the Amildar or the Sub-Registrar has to make such requisitions to the officers in Her Majesty's territory.

(4) The word "a" in "the Amildar of the Taluk within which *a* Sub-Registrar's office is situated shall be the officer upon whom the Registration officer may call to issue a

summons" (*vide* circular No. 1 of 1879-80, dated 14th July 1879), has given room to different modes of procedure, *e.g.*, in one case the Sub-Registrar of Krishnarajpete applies to the Amildar of Holè-Narsipur Taluk (within whose jurisdiction there is a Sub-Registrar's office) to issue summons to a person living in the Holè-Narsipur Taluk, who is alleged to be an executant of a document produced before the Sub-Registrar. In other cases, the Sub-Registrar applies to the Amildar of the Taluk within whose limits the Sub-Registrar's office is situated to issue a summons to a person connected with a document produced for registration before him in whichever Taluk the person summoned resides. The Amildar thereupon sends the summons for service to the Amildar of the Taluk within whose limits the person summoned is residing.

Also letter No. 108, dated the 10th August 1894, from the Inspector General of Registration in Mysore:—

In reply to your letter No. 1097—J. 123 of the 1st instant and its enclosures, I have the honor to state that I do not fully comprehend the doubts which induced the Deputy Commissioner to make this reference.

2. He has himself quoted the circular instruction of the Inspector General by which the Amildars were directed to issue summonses on the requisition of Sub-Registrars and Rule 48 of the Registration Rules issued under the sanction of the Chief Commissioner requires the Amildars to issue process to compel the attendance of persons who have failed to attend on summons.

3. Section 36 of the Registration Act provides that a Registering officer "may call upon such officer or Court as the Local Government from time to time directs in this behalf to issue a summons, &c.," and the Government have nominated the Amildars on this behalf; and section 39 provides that the law which is in force in the case of suits before Civil Courts as regards summonses, commissions and compelling the attendance of witnesses shall apply to any summonses or commissions issued under the Registration Act.

4. As regards persons residing in the Madras Presidency, circular memo No. 8, dated 16th December 1874, prescribes the procedure. These circulars and rules are still in force and are not inconsistent with the provisions of the Registration Act.

5. I shall now refer to the questions propounded by the Deputy Commissioner in para 7 of his letter.

(*a*) If an Amildar is competent to issue a summons on the requisition of a Registering officer, he is also competent to issue a warrant; a warrant is simply a step to compel the attendance of a man who has failed to appear on the requisition of a summons.

(*b*) There is nothing in the Registration Act of 1877 inconsistent with the circular instructions of 16th December 1874, and section 2 of that Act keeps the circular alive.

(*c*) In my opinion summonses or warrants to the Madras Presidency will have to be issued through the Amildar to whom the Registering officer applies; and the issue of a commission will be by the Registering officer direct to the District Registrar in the Madras Presidency.

(*d*) In my opinion it makes no difference whether a Registering officer applies to the Amildar in whose Taluk the Registration office is situated or to the Amildar in whose Taluk the man to be summoned lives, but the wording of the Chief Commissioner's Notification seems to favor the former view. In the Madras Presidency under the Rules in force, processes on the requisition of Registering officers there are served by the Sub-Magistrates. Enclosure returned.

No. 14682-90—J. 865, DATED, BANGALORE, 5TH MARCH 1895.

ORDER THEREON.—The Government generally concur with the opinion of the Inspector General of Registration except in regard to compelling, by issue of a warrant, the attendance of recusant persons residing in the British Provinces, and attention is invited to the letters Nos. 24 and 502 of 2nd February 1866 and 15th May 1868, from the Government of India printed at page 359 of the Manual of Laws published in 1872, under the orders of the then Judicial Commissioner.

Letter No. 826, dated the 19th February 1895, from the Registrar to the Inspector General of Prisons in Mysore, forwarding for orders of Government the correspondence with the Senior Surgeon regarding the payment by the Jail Department of a third of the cost of providing the official ward or Police Hospital with bedding and clothing.

No. 14214-5—J. 830, DATED, BANGALORE, 6TH MARCH 1895.

ORDER THEREON.—The charge is unusual and, as pointed out by the Inspector General of Prisons, is without a precedent.

2. It would be more proper to debit all expenditure to the head "Hospital charges," increasing the Budget allotment of the Medical Department if necessary.

3. The Inspector General of Police will be requested to state how he incurred the charge without the previous sanction of Government, and from what funds he has met it.

Letter No. 99, dated the 29th January 1895, from the Medical Officer in charge of the Leper Asylum at Bangalore, bringing to notice the absence of an arrangement in the Asylum for the safe custody of convict lepers and recommending that they may be directed to be kept in the Central Jail, Bangalore.

(2) Letter No. 821, dated the 18th February 1895, from the Registrar to the Inspector General of Prisons in Mysore, giving expression to the views of that officer on the question raised, and recommending the establishment of a separate Criminal Ward as in Madras, in connection with the Leper Asylum, with rules to regulate its management.

No. 14138-9—J. 827, DATED, BANGALORE, 6TH MARCH 1895.

ORDER THEREON.—The Government do not see their way to accede to the wishes of the Medical Officer without seriously endangering the health of the prisoners in the Central Jail. As pointed out by the Inspector General of Prisons, it will be necessary to keep convict lepers in cells remote from other prisoners to prevent contamination and the spread of the disease.

2. The Government agree with the Inspector General that such convicts should be kept in a separate ward in the Asylum where they can be treated better for their malady.

3. The Inspector General of Prisons will, in communication with the Senior Surgeon, be requested to consider the question of opening a Criminal ward and favor the Government with definite proposals on the subject.

4. Convict Moonia will continue to be kept in the Leper Asylum under the orders of Government already passed.

Letter No. 3953--1491, dated the 8th February 1895, from the Registrar of the Chief Court of Mysore.

Adverting to para 3 of Government Proceedings No. 460—61, dated 29th June 1893, anctioning, tentatively, subject to report at the end of one year, an establishment for the Court f the Munsiff of Kolar Gold Fields, I am directed to state that the establishment is reported o be inadequate for the efficient and expeditious disposal of work.

2. The District Judge has recommended the establishment being strengthened, and the hief Judge, who has recently inspected the Court, has satisfied himself that an increase of stablishment, is necessary.

3. The present establishment is divided into two branches, Civil and Criminal :—

The former consists of two hands—

1 Head Munshi on Rs. 40 + a Local allowance of Rs. 10.
1 Second Munshi on Rs. 20 + a Local allowance of Rs. 10.

The latter consists of three hands

Letter No. 236, dated the 18th August 1894, from the Registrar to the Inspector General o Prisons :—

I am directed to state that the Inspector General of Prisons recommended to Governmen the introduction of the Bertillon system of Anthropometry into the Mysore State in his lette No. 450, dated 8th May 1893, but the Government expressed their opinion that the proposed sy tem was a good deal in advance of the then requirements of the state, and that its adoptio might be deferred till at least the surrounding Districts of Madras and Bombay saw their wa to introducing and working it.

2. I am directed to address the Government again on the subject, as this system has no only been adopted by the various Local Governments in India, but also it has been reported t have been very successful.

3. This system was recommended by the Government of India to all the Local Governments who, however, being reluctant to introduce it on the strength of such recommendation alone anxiously waited to see the results of its working in Bengal where it was first adopted.

4. The Madras Government sanctioned the trial of this system in the Central and th District Jails practically in 1893, but the system began to be worked fully only from the middl of January 1894. In spite of the very short trial received by this system in Madras, the Inspector General of Prisons in Madras thinks that it has certainly, in a very great measure, improved th methods of description followed in Jails, and that this result alone is a sufficient justification fo its adoption (*vide* page 7, para 22 of the Administration Report of Jails for 1893).

5. The Chief Commissioner of Assam who at first put off the adoption of this system pend ing the results of the experiments tried in Bengal and other Provinces, having been satisfie that it has proved itself to be most satisfactory, accorded his sanction to the introduction of th same into some parts of Assam (*vide* page 2, para 8 of the Resolution on the Jail Administratio Report of Assam for 1893).

6. In fact this system is being tried as an experimental measure throughout India; but i has received the most extensive trial in the Bengal Presidency, and the Chief Secretary to th Government of Bengal in Government Resolution No. 493, P. D., dated 7th June 1894, speaks o the system in the following terms.

"The Inspector General of Prisons considers that there is still much room for increased accuracy in registering reconvictions, but the improvement already effected is satisfactory; and with the extension of the anthropometrical system for the identification of habitual offenders, a further improvement may be expected. The system has made rapid strides during the year (*vide* page 2, para 6 of the Resolution quoted above)."

7. The Inspector General of Prisons fully believes that the system will prove a success. He is of the opinion that the necessity for identifying habitual offenders is as great here as elsewhere; and I am accordingly directed to propose for the favorable consideration of Government, that the anthropometric system may, with advantage, be adopted and worked in the Mysore Jails also. Detailed proposals as to how the system has to be first introduced; as to how men ought to be trained, and regarding various other particulars will be submitted after the result of this reference is known. A copy of the printed previous correspondence on the subject is herewith forwarded, for ready reference.

No. 14904—J-887, DATED, BANGALORE, 8th MARCH 1895.

ORDER THEREON.—The question of introducing into Mysore the Bertillon system of Anthropometry is under contemplation of Government, and, as suggested in letter No. 2655—336-92, dated the 3rd August 1894, from the First Assistant to the Resident in Mysore, communicated to the Inspector General of Prisons with Government Proceedings No. 2598-9—J. F. 195-92 of the 11th idem, steps may be taken in the meanwhile for obtaining a practical knowledge of the details of the system.

Letter from the Senior Surgeon and Sanitary Commissioner, Mysore Government, No. 1790, dated 9th February 1895.

In forwarding for information the enclosed copy of letter No. 5327, dated 31st October 1894, from the Chief Engineer of Mysore, I have the honor to state that that officer has been informed in this office No. 1789, dated 9th instant that it is necessary to have the female dispensaries with accommodation for in-patients attached, distinct and separate from the ordinary ones used by male patients and that sanction of Government will be asked.

I request therefore that necessary sanction of Government may be obtained therefor.

Letter from the Chief Engineer of Mysore to the Senior Surgeon with the Government of Mysore, dated 31st October 1894, No. 5327.

With reference to your letter No. 3423, dated 23rd June 1894, requesting that provision may be made in the Public Works Budget for constructing Female Dispensaries at Shimoga, Hassan, Tumkur, Kolar, and Chitaldroog, I have the honor to enquire whether it is intended to construct these female dispensaries as distinct from the ordinary ones, and if so whether Government have approved of the proposal. II. A project of Rs. 3,018 for constructing a new building for out-patients in the compound of the Tumkur Dispensary was recently sanctioned by this office, as intimated to you in No. 3756-714, dated 24th July 1894. It is presumed that another Dispensary at that place for females is not required. The plan connected with the project referred to is enclosed for reference and return.

No. 13327-8—L. F. 357-92, DATED, BANGALORE, 2ND MARCH 1895.

ORDER THEREON—Government are pleased to sanction the construction of female dispensaries with accommodation for in-patients, distinct and separate from the ordinary ones used by male patients.

In places where separate female dispensaries are built with accommodation for in-patients, the construction of one of the two rooms ordered in proceedings noted in the margin to be attached to the ordinary Dispensaries, becomes unnecessary, and the Chief Engineer is therefore requested to revise the plans and estimates for such rooms which may be under preparation and also in those cases in which the works may not have been commenced or completed.

ORDER THEREON.—

RECEIPTS.

II Sale of stray cattle, and III Fines for cattle trespass.—Including the sum of Rs. 400 entered under "IX Miscellaneous" on account of fees for fodder charges (*vide* para 2 *in ra*), the estimates under these heads will be as noted below:—

Govt. Progs.	Dy. Comr.'s docket		Rs.

II.		Sale of stray cattle	1,000
III.		Fines for cattle trespass	2,500
		Fees for fodder charges transferred from IX Miscellaneous ...	400
		Total ...	3,900

2. *IX Miscellaneous.*—The sum of Rs. 400 entered under this head is stated to be the amount of fees expected to be recovered from owners of cattle for feeding charges. This will be transferred to "II Sale of stray cattle" and "III Fines for cattle trespass" and the estimate under this head reduced by Rs. 400.

EXPENDITURE.

3. *VI Conservancy and sanitary charges.*—The submission of details of the lump sum provision of Rs. 3,000 made in the Budget is awaited.

Govt. Progs. 15. Dy. Comr.'s docket 4

4. *IX Contributions.*—Under the circumstances stated, no provision need be made for contribution payable towards the repair of District Fund roads in the town of Shimoga.

Govt. Progs. 16 Dy. Comr.'s docket 5.

5. *A Public Works to be executed by Public Works Department.*—The Deputy Commissioner proposes to reduce the provision under "Reserve" from Rs. 1,000 to Rs. 250 and to provide funds for works detailed in statements Nos. 1 and 2, of which an abstract is given in the margin. The supplemental grant of Rs. 7,836 applied for covers entirely the estimated closing balance on 30th June 1895, according to the figures given in para 23 of Government Order, dated 13th June 1894, No. 21694-8—L. F. 232-93, and will, if the balance at the beginning of the year be taken to be—30,007 as shown in the District Fund Accounts for 1893-94, leave at the end of the year an estimated debit balance of Rs. 13,577. Pending receipt of the explanation which the Comptroller has been asked to furnish as to the actual balance on 1st July 1894, the Deputy Commissioner was authorized in Government Proceedings No. 7082-4—L. F. 232-93, dated 7th November 1894, to carry out the incomplete works of last year the provision required for which was Rs. 2,210. The Deputy Commissioner has, at the request of the Executive Engineer, applied for sanction to carry out two of the new works referred to above, which are considered to be urgent and for which a further appropriation of Rs. 3,200 is required. The Executive Engineer, in submitting his application for re-appropriation, states that the debit balance at the beginning of the year should not have been wholly deducted from the estimated receipts of the current year, but spread over four or five years, that owing to demands for urgent District Fund works it will not be possible to have any closing balance for the next few years, and that, after that, endeavours could be made to raise the estimate of balance gradually to one-fourth of the receipts. Final orders will be passed on this proposal on receipt of explanation from the Comptroller regarding the actual balance on 1st July 1894. In the meantime, sanction is accorded to the proposed appropriation of the funds required to carry out the two works referred to in the marginally noted letters of the Deputy Commissioner. The estimated expenditure will be as follows:—

The following letter from the Deputy Commissioner, Mysore District, No. 616, dated 7th December 1894.

With reference to Government Proceedings No. 4302—L. E. 142-92, dated 15th September 1892, regarding the sand dunes at Talkad, I have the honor to submit the following report.

2. The tradition as to the origin of Talkad, and the details as they are known of its past history, are given in Mr. Rice's Gazetteer, and need not be recapitulated here. It may however be stated in connection with the sand dunes that the site of the town and the country around it was according to tradition, a dense forest infested by wild elephants and that it was called in consequence "Gajaranya Kshetra." There was probably no accumulation of sand in those early times, owing to its being covered with forests, and no references are made either in the older traditions or the early history of Talkad, to the sand hills, till we come to the conquest of Seringapatam and Talkad by Raja Wadiyar. Even of this period no authentic statement is recorded, but a tradition is current that when the subordinate officers of Raja Wadiyar attempted to obtain by force, jewels in the possession of Alamelamma, also known as Rangamma, Rani of Tirumal Raja, or Srirangarayal, she threw herself into the Cauvery opposite the village of Malangi, after pronouncing the three-fold curse that Talkad shall be covered by sand, Malangi shall become a whirlpool, and that the Rajas of Mysore shall fail to have heirs. There is also no allusion to this in the Government records even after the overthrow of the Muhammadan administration and the commencement of Native rule in Mysore. And up to fifty or sixty years ago, the sand drifts do not appear to have become so serious as to attract notice. An old resident of Talkad says that he distinctly remembers to have seen the sand heaps confined to the river bank; that there was a belt of (1) Mutriga trees, (2) Esalé thorns, and (3) Gejjige creepers between them and the trench or moat called Puttadevi Agale, which surrounded Talkad to the west of the Kirti Narayana temple; and that it was only after people cut and removed the trees and creepers, that the sands filled up the trench and advanced upon the Kirti Narayana temple and then year by year buried the other temples and streets of the old town. Kirti Narayana temple is said to have been almost in the centre of the town, and nearly ¾th of the old town is buried under the sand dunes. The old town is reported to have extended from the temples of Gaureswara and Anandeswara, on the south, to beyond the pathway leading to the river, which cuts the sand-dunes into two, the northern outskirts being occupied by the Tirayars who now advance a claim to a portion of the sand dunes as the buried sites of their houses. As the sands advanced, the villagers removed their houses further inland, so that the greater part of the town as it now stands is of comparatively recent origin. The sites of the principal temples and the boundaries of the old town are roughly marked on the tracing submitted herewith.

1. Butea frondosa.
2. Called ಕೈ or ಕೈಯಂಗ.
3. Guilandina bonduc.

3. Before proceeding to describe the remedial measures adopted by me, it is desirable to say a few words as to the probable origin of these sand dunes and the extent of mischief wrought by them. The river Cauvery runs almost from east to west from opposite to Mudukadore up to the Madhavamantri anicut and then makes a gentle sweep to the south-west till it runs almost north to south when it is due west of Talkad, and then makes a winding to the south-east. The course of the river at this part may be likened to the curve of a semi-ellipse with its shorter diameter represented by a straight line drawn from the northern end of the Madhavamantri anicut due south. The river is very narrow at the site of the Madhavamantri anicut and for about three furlongs lower down, and then it becomes very wide and shallow till it approaches the village of Kukur. The right bank all along this portion of the river is of soft alluvial earth, and is easily corroded. Owing to the large spread of the river here, a great part of the bed becomes dry when the water runs low, and is exposed to the action of the south-west monsoon. During the early part of the monsoon, the winds blow with great force, the general direction being from south-west to north-east, and, as the river here runs from north-west to the south-east, and is at this time almost dry, the winds sweep over its bed directly at right angles to its direction and drive with full force the loose sands in its bed towards the left bank. Owing to the denudation of the forest and the absence of vegetation on this bank, there is nothing to retard the sand or to interrupt the force of the wind current. Large quantities of sand are in consequence driven further and further inland over the bank. Mounds of sand are thus formed with their surface sloping gradually upwards from the river bank

towards the village. The annual accretion is however but a limited quantity, but the sand dunes are the accumulations of years, and are increasing in proportions every year. Moreover, they keep moving further and further inland at the rate of nine or ten feet per annum, engulfing everything in their course. Propelled by the high winds the loose sands on the surface keep gradually moving in their direction, till they meet with a rising ground or other impediment, when they form a ridge gradually increasing in height till they rise above the level of the impediment. They then completely cover up the obstruction and are again moved onward by the next year's winds. Though they thus move forward, causing destruction as they go, the fresh accretions from the river are not sufficient to replace them, and the result is the highest sand dunes are very near the town, the height of sand decreasing rapidly as we approach the river. In this way the trench and the old fort walls round the town have been engulfed, and then the temples and houses. The sand must continue to advance further and further inland covering up the remaining portion of the town and the cultivated fields beyond it; when it reaches the Madhavamantri channel, its further progress may, perhaps, be arrested by the channel washing away to the river the sands falling into it. It will be seen from the tracing, that the line of devastation has proceeded in the direction of north-east engulfing the eastern and northern portions of the town, the old channel to the north, and fields on either side of it.

4. The local authorities could not have failed to notice the havoc caused by these sand dunes and they must probably have endeavoured to devise such remedial measures as they could think of. I have not however been able to get at any correspondence on the subject; some old banyan trees are standing on the sand dunes, which the villagers pointed out to me as having been planted to arrest the progress of sand. These are only few, and the attempt was perhaps given up as hopeless when the sands advanced in spite of these trees. In the Mysore Gazetteer, a note is appended under the article on Talkad, stating that construction of a channel along the face of the sand hills had been proposed as a means of checking their advance, but it does not appear when and by whom it was proposed, and why it was not carried out. The only useful document on the subject that I have been able to secure, was a letter written by Colonel Bowen in February 1889, in reply to a reference made by the Chief Secretary, on the proposal of an individual to scoop out all the sand and throw it into the river. Colonel Bowen's letter clearly explains the origin of the sand dunes and deserves to be quoted here in full. "I am well acquainted with Talkad, and would remark that the sand hills round the town are formed by the accumulation of sand drifts from the river at some distance below the Madhavamantri anicut. Very fine sand is deposited here round the left bank of the river, and this is blown by the westerly winds over the adjoining lands. This action has been going on for centuries, with the result now seen—the destruction of valuable land and the burial beneath the drift of parts of the old town."

"The natural causes at action cannot possibly be checked, so far as I can see, and to remove the accumulation of sand all over the place, would cost an enormous sum with no permanent good results, for the land reclaimed, would in course of time, be covered again with the drifting sand."

"Of course, if private individuals choose to make such an attempt, they may be allowed to do so, and any land reclaimed might be given to them as Inam in reward of their efforts. But I have little hesitation in saying, that the money so spent would be entirely wasted, and it would be but right to warn them against risking their money."

"The cutting of a channel between the river and the existing sand hills ("dunes") would only result in keeping clear the ground covered by the channel, the sand drifting into which would be carried off by the water. It would have but slight effect in keeping clear the ground along the left bank. I am inclined to think that the whole town of Talkad must eventually be destroyed."

"A possible palliation of the evil might be found in planting belts of casuarina trees (if they would grow in such sand) along selected lines below the town, but even this, if successful, would not be a permanent remedy, and might have the effect of diverting the drifts to other lands, which would be also ruined in course of time."

5. It will be seen from this letter that there were no records in the Public Works Department referring to the question and that the Chief Engineer was of opinion that no permanent remedy was possible and that the whole town of Talkad must eventually be destroyed. He seems to have thought that the evil might be palliated to some extent

by planting belts of casuarina trees, but that they might have the effect of diverting the drifts to other lands which would be also ruined in course of time.

6. I inspected the sand dunes for the first time on 1st January 1892, and the results of my observations were stated in my letter to Government as follows:—

* * * * * *

"I found the sand hills or dunes to have shifted very near the old village, and hanging over the Vaidyeswara temple, and threatening it, the bazaar, and streets in the vicinity.

* * * * * *

Measures were considered from time to time, but no effectual steps appear to have been adopted to arrest their progress. A number of banyan trees appear to have been planted thirty or forty years ago for this purpose. But owing chiefly in my opinion to a sufficient number of trees not having been planted, they have proved a failure.

* * * * * *

On a careful examination of the place, I found that even the banyan trees were still able to grow on this hot sand. Wild croton plants set round a temple in a hedge are quite green and Ugani creeper was growing on the sand in places not exposed to the direct rays of the sun. But there was one creeper of sea weeds which was growing luxuriantly on top of the smaller mounds of sand. It is proved to have struck root about 1 to 1½ft. deep and to have effectually prevented the sand on top of these mounds from moving, notwithstanding the fact that these mounds were quite as much exposed to the violent winds as any other parts of these mounds.

I feel strong hopes that if this creeper could be planted on top of the sand dunes overhanging the village to a width of 40 or 50 yards, the further extension of these dunes, and engulfing of the temples and streets may be prevented.

* * * * * *

7. The Government were pleased to entertain my proposals favorably, and arrangements were made soon after for planting the creeper. I have since inspected the locality three or four times, at long intervals, and have made careful observations of the direction and rate of advance of the sand dunes and of the nature of the drift sand from the river. And I feel confident that both the further advance of the present sand dunes and the future accumulation of sand at the edge of the water have been effectually stopped by the measures inaugurated by me. As already mentioned by me in para 3, no collection of sand on the margin of the left bank was formerly possible on account of the forest of trees that existed there at one time, and the accumulation was the immediate result of the wholesale removal of these trees. These gradual accumulations were however intercepted from the town by the belt of Muttige, Gejjige and other shrubs which had been maintained beyond the trench as a sort of protection for the town. But when the settled Government which followed the conquest of the country by the English, and the rendition of the native rule, gave people confidence of peace and security, the maintenance of such protection was not felt to be necessary, and people began to fell the trees and shrubs for fuel laying the surface bare, and the full force of the south-west monsoon was then enabled to act unchecked upon the accumulated sand heap, and to carry them year after year closer and closer to the town and finally to bury portions of it.

8. The evil is thus two-fold-one is the drift of sand from the bed of the stream on to the left bank, and the second is the gradual movement inland of the existing sand dunes. The annual collection of sand on the border of the river, would be but a small quantity and could occur only when the floods cease and the river runs low. If by some means these drifts are prevented from being blown over the bank by the monsoon winds, they would be easily carried away by the next high floods down the stream. For instance, if there were a wall or hedge along the water's edge, one or two feet in height, the winds could only have the effects of raising the bed on this side to the height of a few inches. Even this would be covered with water as soon as the freshes came down the river, and would be carried away by the current. It may not be easy to raise such a wall except at great expense, but it is quite possible to plant a good hedge of suitable plants along the line of high water-level of the stream to intercept the drift of the sand from the river bed. Future accumulations can, I feel confident, be cut off in this way. Even if this were only partially successful, the measures

that I have now taken for preventing the shifting of the sand dunes will enable us to prevent the movement of these accumulations much further inland. As explained in para 6, the sea weed has the effect of fixing the sand under it and preventing it from shifting with the wind. Even if sands are blown over it and it is buried under the drift, fresh rootlets are formed in a short time, and leaves sprout up with all the greater luxuriance, covering up the sand on the top of the creeper: so that this creeper may be relied upon not only to fix the mound of sand where it is, but also to prevent fresh accretions of sand from moving beyond it. The result will be that the fresh accumulations may have the effect of making the mounds higher and higher, but will not be able to overtake and engulf the remaining village and the fields further on.

9. Nearly all along the line of the margin of the river, Thala (screw-pine) plants have been planted with a belt of reeds interspersed with bamboo plants. Being very near the water, they have all taken root and come up luxuriantly. They have arrested the movements of dry sand from the bed of the river, and the collection of the same at their root, clearly shows how effectually they have done their work.

10. While the planting near the river bed has thus cut off the further accretion of fresh sand, the plantations on the existing sand dunes simultaneously started have fixed the loose sand on their surface and arrested their further inroad on the town of Talkad. The latter is however of a temporary nature, consisting chiefly of creeper vegetation as it was my intention to bind the shifting sand as quickly as possible and shelter it from the action of the monsoon winds. It was also my wish not to incur much expenditure in planting up the dunes until my theory was tested by actual results. Accordingly, with the small sum of Rs. 500 placed at my disposal on the first occasion, I commenced the experiments in the beginning of 1892-93, and a full account of work done up to the end of July 1892 is given in my letter to Chief Secretary, No. 463, dated 18th August 1892, (*Vide* Appendix C). The sea weed or creeper (Ipomœa Pescaproe) was planted in a belt 850 yards by 20 yards along the margin of the sand hills overhanging Talkad village. This belt was fenced round by a line of fresh cuttings of the banyan and certain other quick growing trees, as also of the wild croton, all of which have taken root. When the winds set in, the sand was blown over the inner margin of this belt. I then caused a second row of cuttings to be planted about a yard in front of the windward side of the belt with a low screen of cocoa leaves attached thereto. This had the desired effect of arresting the progress of sand towards the belt of creepers, which grew up very well under the shelter, while the invading sand collected in a ridge behind the sheltering fence. Sanction having been received in the month of February, the above planting work had to be done in hot weather and the creepers and cuttings had to be kept up by copious watering till the commencement of the next rains.

11. To estimate the amount of mischief wrought by the shifting sand, I caused a number of bamboos about seven feet in height being planted at distant intervals on the sand in a line parallel to the belt of creepers. The sand thrown up by the winds varied from three to four feet in depth. This will show what the result would have been if the creeper belt had not been planted. Large quantities of sand would have doubtless been thrown into the Vaidyeswara temple and the bazaar street. In corroboration of this conclusion, I may mention what actually happened in parts not sheltered by the belts. At either end of the belts, sand was found to have shifted further inland, encroaching on the one side upon the road leading into the village and blocking up on the other side a lane leading from the upper end of the village to the river.

12. In the rainy season of 1892, a further belt measuring 1,765 yards in length and 34 yards in breadth was planted, with creeper close to the above belt, and it was sheltered with a screen as on the first occasion. As this work was carried out during the rains, no charge was incurred on account of watering. In September of the same year, creepers were also planted, wherever the winds had shifted the sands much, in patches at right angles to the direction of the wind. The total length of these patches was 784 yards, with an average width of 34 yards.

13. In addition to this, measures had to be adopted to protect the creeper belts from mischief, as I was informed that every year the plants that used to struggle into existence were either grazed by cattle or removed by villagers for manure. I had therefore to entertain watchers and close the sand dunes against cattle and people, and this has been productive of very beneficial results, spontaneous vegetation having sprung up in patches here and there, binding the sands and enriching the soil. But this spontaneous vegetation grows only in spots

which are low and moist, and the creeper plantation being confined to the edge of the sand dunes near the town, there was nothing to prevent the shifting of the sands between it and the river. I found moreover that though the creepers were very effective when planted, they did not propagate and spread over the sand as rapidly as I wanted. I then discovered that a particular variety of Kotsala (navel or reed) when properly conserved, was capable of sending out suckers with great rapidity and of covering large patches of sand in a short time. These were sent for, from Kollegal and other places, and planted in proper localities. In order to break the force of the wind and cover up the sand, when the creeper vegetation should go out, I had cuttings of banyan and other trees put down here and there. The total outlay on this work amounts to Rs. 773-5-6 up to date.

14. While the works were going on, the villagers looked upon my scheme as chimerical, and suggested that a channel should be dug between the town and the sand hills so as to carry away the shifting sand. They also offered to contribute a sum of Rs. 5,000 for the purpose. But when the creeper plantations successfully resisted the encroachment of sand and prevented the drift of sand into the Vaidyeswara temple and at other points, they were fully convinced of the efficacy of the creeper plantation, but as usual, lacked the enterprise and energy to take up the work on their own account. In order, however, to enlist their co-operation in preventing trespass of cattle into the plantations, and the clandestine removal of the spontaneous vegetation growing on the sands by the villagers, I had suggested to them, during my visit to the place in August 1892, that they might take up some of the sand beds for fuel plantation, on the favorable terms allowed for such plantation. They came forward and applied for plots of lands on the margin of the Cauvery to the west of the sand dunes, and, the Government were pleased on my recommendation to sanction their applications in Proceedings No. 3635—L. F. 142-92, dated 24th October 1892. The villagers were thus given an area of about 95 acres, which they have planted with Kotsale (reeds) and 384 cuttings of banyan and other plants.

15. While recommending to Government the starting of creeper plantations on the sand dunes overhanging the town, I considered the low lying portions to the north-west of the sand dunes as eminently suited to form a fuel plantation, in the Forest Department, and wrote to the Inspector General as follows:—

"I beg to enclose for your information, copy of my proposal to plant a particular kind of creeper on a portion of the sand dunes at Talkad, to arrest their further movement. Below these mounds and up to the high water level of the Cauvery, there is a good stretch of sand bed of the Cauvery. It is in my opinion suited for growing casuarina and palmyra, and the Amildar is willing to make a plantation if funds are provided. At Talkad and in the neighbourhood, fuel is very scarce, so scarce that people appreciate the banyan as good firewood. The casuarina will, I am very hopeful, grow rapidly. It does not want deep pits, but will have to be watered for one or two years in the very hot weather, as, when the river is in flood, the water will be near the bank and the roots will find sufficient moisture. Water will not cost much, as labor is cheap and there is sufficient water in the river within easy reach. If you approve of this proposal and can sanction Rs. 1,000 for this plantation, I shall submit a detailed scheme."

16. The Inspector General of Forests was pleased with my proposal, and placed at my disposal Rs. 1,000. Accordingly an extent of about 21 acres has been planted with casuarina, cocoanut, bamboo, and other plants. The expenditure in the Forest Department amounts to Rs. 1,021-11-7.

17. To sum up, the total area of sand-dunes is about 300 acres and 15 guntas; of which 94·32 acres have been given to private individuals, reserving an extent of 205·23 acres to be operated upon by Government. Of the latter, 45·16 acres have been planted with the creeper, 103 acres 37 guntas with Kotsale, and 20 acres 13 guntas with casuarina. The total number of trees planted by Government are 6,462, and consist of the following species:—

Banyan cuttings	206
Cocoanut	60
Palmyra	100
Geru (cashew nut)	50
Neem	20
Sandal	20
Casuarina	5,500
Tamarind	50
Date	100
Jack	4
Mango	50

Egyptian Date	...	...	2
Bamboo	...	...	200
Rangannale shrub	...	...	100

18. Out of the 94·33 acres taken up by the villagers as alread stated, about 69 acres 27 guntas have been planted with Kotsale, a 384 Ala, banyan cuttings.

19. An extent of 61 acres 2 guntas still remains to be planted a being 35 acres 37 guntas out of the Government lands, and 25 acr 5 guntas of the extent taken up by the raiyats.

20. In conclusion, I may add that Rs. 45 were realized by the sa of two patches of spontaneous growth of Kotsale, near the margin of t river, during this year. From this, an idea may be formed how pr fitable the sand dunes may become in course of time, when all t Kotsale and fuel and other trees come up, and the fruit trees begin bear.

21. A sample of the Baraballi creeper is also submitted for i spection as directed.

In reference to your letter No. 12516—L. F. 142-92, dated the 18 instant, I have the honor to state that the plant specimen which ac companied the above is, as you already premise, *Ipomœa biloba*, Fors It is an excellent sand binding plant, both on the east and west se shores of the Madras Presidency, and is commonly known to Englis people as the goat's-foot creeper.

It is also a forage plant, consumed by goats, rabbits, sheep, an cattle of all sorts. Such being the case, and allowing for the mucila ginous nature of the whole plant, it is not likely to be injurious excep in rare cases where the consumption is excessive. Doctor Watt's state ment that "cows fed on it yield tainted milk" has not been tested i this District as there are no plants. The enclosed extract on the pro perties of the plant is taken from "*Pharmacographica indica*."

No. 14564-97—L. F. 142-92, DATED, BANGALORE, 14TH MARCH 1895.

ORDER THEREON.—Government have perused with much interest the detailed report submitted by Mr. Rangaswami Iyengar on the measures adopted to check the destructiveness of the sand storms of Talkad, and have noted with pleasure the success which has attended those measures. Mr. Cameron's opinion of the creeper planted on the sand hills of Talkad, will be communicated to the Deputy Commissioner.

AD :—

The following replies from Deputy Commissioners of Districts to Government Proceedings o. 9731-9—L. F. 55-93, dated 15th December 1894, forwarding for their remarks the classifi-tion of stations made by the Senior Surgeon for the purpose of fixing the pay of midwives, ith reference to the instructions conveyed in Government order No. 4629-40—L. F. 55-93, ted 7th September 1893 :—

1. No. 539, dated 17th December 1894, from Deputy Commissioner, Tumkur District.
2. No. 725, dated 18th December 1894, from Deputy Commissioner, Bangalore District.
3. No. 368, dated 18th December 1894, from Deputy Commissioner, Kadur District.
4. No. 460—404, dated 19th December 1894, from Deputy Commissioner, Chitaldroog Dt.
5. No. 2274—535, dated 22nd December 1894, from Deputy Commissioner, Kolar Dt.
6. No. 732, dated 16th January 1895, from Deputy Commissioner, Mysore District.
7. No. 738, dated 17th January 1895, from Deputy Commissioner, Mysore District.
8. No. 618—480, dated 18th January 1895, from Deputy Commissioner, Shimoga Dt.
9. No. 498, dated 18th January 1895, from Deputy Commissioner, Hassan District.

No. 15007-16—L. F. 55-93, DATED, BANGALORE, 18TH MARCH 1895.

ORDER THEREON.—The list received from the Senior Surgeon contains 90 ations including certain Minor Municipalities, which are not the Head quarters of Taluk or Sub-Taluk. But as it is not intended at present to employ midwives in aces other than those which form the Head-quarters of Taluks or Sub-Taluks, a assification of the latter description of stations is all that is now required. If idwives are hereafter deputed to other places, they may be classed as occasion ies.

2. The marginally noted stations are entered by the Senior Surgeon under classes I and II Malnad and Semi-Malnad. Class I corresponds with the list appended to para 3 of Government Proceedings No. 7180-90—Cir. 164, dated 6th December 1889, in accordance with which the charge allowance of Hospital Assistants in independent charge of Dispensaries is regulated. Shikarpur and Sorab are entered therein under class II, but the other four stations noted in the margin were omitted apparently as there was then no occasion for their insertion.

Class I.	*Class II.*
1. Kankanhalli.	1. Alur.
2. Heggaddevankote.	2. Shikarpur.
3. Saklespur.	3. Sorab.
4. Tirthahalli.	4. Kallurkatte.
5. Sagar.	5. Kumsi.
6. Mudgere.	6. Chikmagalur.
7. Hariharpur.	
8. Yedahalli.	

3. The Deputy Commissioner of Bangalore recommends that Magadi should be placed in class I, but this cannot be approved, as Magadi is not and has never been recognized as Malnad.

4. The Deputy Commissioner of Shimoga suggests the transfer of Sorab from class II to class I. This is approved, as Sorab is admitted to be Malnad in Section 602 of the Mysore Service Regulations and Appendix A to Notification No. 9837—R. F. 226-92, dated 9th December 1892. The proposal of the Deputy Commissioner of Hassan to place Belur under class II is also approved, as the Belur Taluk is entered in the list of Malnad tracts given in Section 602 of the Service Regulations.

5. With these two modifications, the classification proposed by the Senior Surgeon is approved. The other stations including Magadi will be included under class III "Maidan."

Letter dated 24th November 1894, No. 369, from the Deputy Commissioner of Hassan District, suggesting that the Comptroller may be authorized to accept excess expenditure over sanctioned estimates up to a certain limit to save correspondence on objections taken by the Comptroller.

Letter dated 16th February 1895, No. 1394, from the Comptroller of Mysore, offering his opinion on the Deputy Commissioner's suggestion.

No. 14998-5006—L. F. 137-92, DATED, BANGALORE, 18TH MARCH 1895.

ORDER THEREON.—The Government observe that as a rule, the sanctioned estimate should not be exceeded. Should, however, an excess expenditure be rendered necessary for any good reasons, the special sanction of Government should be obtained therefor.

Letter No. 3201—1101, dated 12th instant, from the Deputy Commissioner of Kolar recommending the appointment of a Veterinarian for treating cattle diseases in the District.

No. 15813—L. F. 152-94, DATED, BANGALORE, 29TH MARCH 1895.

ORDER THEREON.—Pending the introduction of a general scheme for the adoption of measures to supply qualified veterinarians for the treatment of cattle diseases throughout the Province, the Government are not prepared to sanction the proposal submitted by the Deputy Commissioner of Kolar. Even the appointment of a solitary officer skilled in Veterinary science for a large District like Kolar is of doubtful utility.

2. The Deputy Commissioner's alternative proposal to subsidize by monthly allowance of Rs. 15 a local empirical practitioner also does not commend itself to Government.

3. Until the requirements of the country in this respect are more universally represented and a sufficient scheme is matured, no action can be taken in the matter.

READ :—

Docket dated 9th February 1895, No. 2840—988, from the Deputy Commissioner of the Kolar District, submitting the District Fund Budget Estimates of the Kolar Local Fund Circle for 1895-96.

No. 15798-810—L. F. 144-94, DATED BANGALORE, 29TH MARCH 1895.

ORDER THEREON.—The receipts under all heads are estimated at Rs. 78,000 for 1895-96, against Rs. 74,900, the sanctioned estimate for 1894-95, and Rs. 79,334 the actuals of 1893-94.

2. The proposed estimates are approved, with the exception of the item under "76 per cent of one anna cess," which will be reduced from Rs. 73,000 to Rs. 72,000, the actuals of 1893-94. The usual detailed statement of local cess has not been submitted, but should be sent in regularly in future.

3. The estimated receipts as now reduced amount to Rs. 77,000. Adding to this the estimated opening balance of Rs. 65,067, the sum available for expenditure during 1895-96 is Rs. 1,42,067, of which the amount proposed to be expended is Rs. 1,20,948, leaving a balance of Rs. 21,119 at the end of the year.

2. Public Works to be executed by D. P. W.	54,000
3. Ditto by Revenue Dept. ...	42,200
Total ...	1,20,948

4. Under the head of "Civil Charges," the only items calling for remarks are the following :—

(*a*) *II Medical Scholarships.*—The correct amount that ought to be entered under this head is Rs. 340 as detailed in the margin, and not Rs. 430 as proposed by the Deputy Commissioner. The estimate will accordingly be reduced to Rs. 340.

	Cost per annum. Rs.
3 Pre-collegiate students at Rs. 9 each per mensem.	540
3 First year's students at Rs. 10 ditto ...	600
3 Second ditto at Rs. 10 ditto ...	600
3 Third ditto at Rs. 10 ditto ...	600
School fees for 15 students at Rs. 25 each per annum.	375
Total annual cost ...	2,715
Amount debitable to each District ...	340

(*b*) *IV Midwives.*—A sum of Rs. 240 will be added under IV (*b*), on account of scholarships to two midwives, as sanctioned in Government Proceedings, dated 20th February 1895, No. 12760-62—L.F. 337-92.

VI Conservancy and Sanitary charges.—The provision under "Temporary Conservancy charges," is passed, with the remarks that the necessity for the increase of Rs. 1,000 over the sanctioned estimate for 1894-95 should have been explained.

IX Contributions.—A sum of Rs. 2,000 is entered under this head to provide for—

	Rs.
(1) One-third cost of construction and repair of Dispensary buildings...	1,000
(2) Cost of repairing 3rd Class Travellers' Bangalows	1,000
Total ...	2,000

This will be retained, subject to submission of detailed estimates for sanctio If the works are to be carried out by the Revenue Department, the amount requir should be shown under "B. Public Works," and only the contribution payable Public Works Department included under this head.

X Miscellaneous.—The provision for "Unforeseen expenses" will be reduc from Rs. 1,400 to Rs. 1,000, taking into consideration the actuals of 1893-94, whi amounted to only Rs. 633-6-6.

5. *Public Works, Original, A.*—As the revised estimate for the Chintamar Chelur road amounts to Rs. 28,329, a

the probable outlay up to the end of 189 -95 is estimated at Rs. 21,154, the pr posed expenditure of Rs. 7,000, durir 1895-96 is passed. A sum of Rs. 10,0(is entered for a road to be newly opened from Goribidnur to Byranahalli, but as t Executive Engineer asked for a grant of Rs. 4,000 only for expenditure on th work during 1895-96, the provision will be reduced accordingly.

6. *Public Works, Original, B.*—The sum of Rs. 10,400 entered for "Build ings" includes Rs. 3,500, for constructing a Musafa khana at Kolar, and several sums ranging from Rs. 30 to Rs. 1,500 for building Musafarkhanas in the mar ginally noted places. There is no information as t the size and description of the proposed buildings, and before their cost is estimated, it is desirable to hav some standard plan, showing the nature of the accom modation which these Musafarkhanas are expected to provide for travellers. Subjec to the submission of such a plan and full explanation of the necessity for each work and of their comparative urgency, the provision made for the buildings will be re tained.

Letter dated 12th January 1895, No. 417-22, from the Deputy Commissioner of the Kadur District, submitting the explanations called for in Government Proceedings dated 13th August 1894, No. 2551-6—L. F. 29-94, in regard to the Budget Estimates of the several Municipalities of the Kadur District for 1894-95.

No. 13624-6—L. F. 29-94, DATED, BANGALORE, 6TH MARCH 1895.

ORDER THEREON.—

CHIKMAGALUR.

Expenditure.—It is noted that out of the loan received by the Municipality up to 30th June 1894, amounting to Rs. 56,832, a sum of Rs. 2,955 has been repaid, leaving a balance of Rs. 53,877, the interest payable on which amounts to Rs. 2,155. The annual instalment, Rs. 3,300, repayable towards the loan in accordance with Proceedings dated 22nd January 1894, No. 11751-3—L. F. 244-92, will be apportioned in the current year in the proportion of Rs. 2,155 and Rs. 1,145, between the heads "I Interest on Debt" and "XI Miscellaneous (*a*) Repayment of Loan" respectively.

II Head office, (4) *Furniture,* &c.—The sum of Rs. 50 sanctioned under this head in 1893-94 not having been utilized, a similar sum entered under this head, in the budget of the current year, will be passed.

XI Miscellaneous (2) *Purchase of Plants and Receipt Stamps.*—As the amount required for receipt stamps is only Rs. 12, the lump sum entered under this head will be distributed as follows :—

	Rs.
Purchase of Plants	300
Do of Receipt stamps ...	12

TARIKERE.

X Receipts, Miscellaneous (*M*) *Contributions.*—The sum of Rs. 176 entered under this head will stand as it is stated to be the contribution paid by the Public Works Department towards the maintenance of the portion of the Bangalore-Honnavar road lying within the Municipal limits.

Expenditure III Collection.—It is explained that through oversight provision was not made for the allowance due to Shanbhog at two per cent on the actual collections of House and Mohatarfa taxes, and the Deputy Commissioner requests that Rs. 75 be provided to meet this charge. Provision will be made accordingly, but before it is utilized, it should be explained whether the Mohatarfa collections were not taken into consideration in fixing the Potagi of the Shanbhog.

BIRUR.

Receipts X (*a*) *Sale of House Sites.*—The receipts under this head estimated at Rs. 100 will stand as the anticipated income from the sale of sites in the new extension cannot be realized forthwith.

KADUR.

Receipts (*II*) *House Tax and Mohatarfa.*—The Deputy Commissioner states that in the Budget Estimate for the current year Rs. 1,325 should have been entered instead of Rs. 1,215. The estimate will accordingly be raised to Rs. 1,325 as particularized below :—

	Rs.
Tax on houses	776
VII Mohatarfa—	
(*a*) Shop tax	331
(*b*) Loom tax	4
(*c*) Oil mill tax	12
(*d*) Cart tax	202
Total Mohatarfa ...	1,325

X Miscellaneous (*M*) *Contributions.*—It is explained that the sum of Rs. 44 entered under the head "Actuals for 1892-93" was received from the Executive Engineer on account of mileage allotments for the last three months of 1892-93. It is presumed that similar mileage allotments were made for the first nine

months of the year, and if so, why they were not shown under the column referred to should be explained.

Expenditure. VII Lighting.—As the lighting charges were, erroneously estimated for twenty three instead of twenty five lamps, the cost of lighting the two lamps omitted will be met from the savings to be effected under this head. The sum of Rs. 468 provided under this head will be distributed as shown under:—

Items.	As existing.			As now modified.

The following letter from the Deputy Commissioner, Mysore District, No. 669, dated 21st December 1894:—

Adverting to para 4 of Government Proceedings No. 7223—109-93, dated 31st October 1893 I have the honor to state, that it is reported that two Members (*one ex-officio* and the other nominated) attended the Municipal Meeting at Nanjangud, during December 1892, and that five Members attended the Meeting of the Seringapatam Municipality in February 1893. The quorum at Nanjangud is reported to be three, and at Seringapatam half the total number of Members.

2. As regards the number of Members constituting a quorum in the remaining Municipalities, the enquiry instituted shows that three Members in Heggaddevankote, Sargur, Chamrajnagar, and Gundlupet, two in Mandya, Maddur, and Malvalli, and half the number of Member in French Rocks and Melkote, are held to form a quorum. In the remaining Municipalities no quorum is reported to have been fixed.

No. 14187-94—L. F. 140-94, DATED, BANGALORE, 11TH MARCH 1895.

ORDER THEREON.—There is at present no rule declaring what the quorum necessary for the transaction of business in Municipalities other than those at Bangalore and Mysore shall be, and the practice in this respect varies in different Municipalities as observed by the Deputy Commissioner. Government are therefore pleased to direct that the following rule shall be observed.

No business shall be transacted at any Meeting of the Municipal Board, unless at least one-third of the whole number of the Municipal Members be present. Provided that when the Board consists of less than nine Members, the quorum shall be not less than three Members.

No. 15526-7—L. F. 7-94, DATED, BANGALORE, 23RD MARCH 1895.

ORDER THEREON.—*VIII Public Works (a) Supervision.*—If the owner of the Gundopant's Karanji is not prepared to make is over to the Municipality for the use of the general public, it may be expected that he will himself provide for its conservancy. There is apparently no necessity for the Municipality providing a watchman to look after the pond.

Government Proceedings para 7
President's letter 2.

Gardeners for the Chattram Hospital.—The President states that the services of one of the two gardeners have been done away with on 1st January 1895, and that those of the remaining gardener will have to be retained till the end of the current official year. It is therefore presumed that the provision made for two gardeners for six months in the original Budget is unnecessary and will accordingly be struck out, and the estimate under this head will be reduced from Rs. 216 to Rs. 108. Including the provision of Rs. 72, sanctioned for one gardener for Fort Avenues in para 9 of Proceedings dated 28th November 1894, No. 8487-9—L. F. 7-94, the total amount that has to be entered under "Establishment for avenues and road watering" is Rs. 108 and not Rs. 276 as entered in the statement appended to the President's letter under review.

Letter dated 11th March 1895, No. 96, from the President of the Bangalore City Municipality, submitting the Budget Estimates of the Bangalore City Municipality for 1895-96.

No. 15908-14—L.F.153-94, DATED, BANGALORE, 29TH MARCH 1895.

ORDER THEREON.—The receipts of the City Municipality for 1895-96 are estimated at Rs. 1,28,017 against *Rs. 1,41,165, the actuals of 1893-94, and Rs. 1,21,856, the estimate for 1894-95. The variations under the several heads having been fully explained by the President, the estimates will be accepted, with the observation that the amount of contribution expected from the Civil and Military Station Municipal Board towards the cost of the Bangalore Maternity has not been taken into account in framing the Budget. Pending final orders on the subject which will be issued after consultation with the Residency, the estimate will be allowed.

* Including a loan of Rs. 10,000 unauthorizedly drawn by the President and ordered to be adjusted forthwith.

2. The anticipated balance on 1st July 1895 is entered in the Budget at Rs. 30,869. But according to the revised Budget for 1894-95 submitted by the President with his letter dated 16th March 1895, No. 99, it is only Rs. 15,580. Taking into account †sanctions recently conveyed in regard to road-watering and wells to be sunk in the town, it is not safe to anticipate more than Rs. 10,000 as the probable balance on 1st July 1895.

† Rs. 1,751 are sanctioned for road-watering from general savings in Proceedings, dated 13th March 1895, No. 1440?-S—L.F. 7-94. Rs. 5,000 sanctioned for wells in Proceedings, dated 13th March 1895, No. 1440?—L.F.-7 94, with a request that a reappropriation statement should be submitted.

3. Including the opening balance, the sum available for expenditure during 1895-96 is Rs. 1,38,017, of which Rs. 1,17,077 is proposed to be expended, leaving a balance of Rs. 20,940.

4. Under II Head Office, a sum of Rs. 50 is entered on account of furniture, while no such provision exists in the Budget approved by the Municipal Board, and a remark appears in the explanatory letter submitting the Budget to the effect that provision for furniture was omitted therefrom. This item of Rs. 50 will, therefore, be struck out and the estimate reduced accordingly.

5. *VII Lighting.*—The provision under this head includes—

1. Rs. 10,000 on account of lighting 800 lamps.
2. Rs. 1,000 on account of purchasing lamp-posts and lanterns.

Item 1 will be reduced to Rs. 9,600 at the rate of one rupee per lamp per mensem with reference to the remarks made in para 30 of Government Proceedings dated 13th August 1894, No. 2499-504—L. F. 7-94.

Item 2 is passed, subject to detailed estimates being submitted in the usual course.

6. *VIII Public Works—(a) Supervision.*—The provision under this head will be raised by Rs. 60 to meet the increase of Rs. 5 per mensem sanctioned to the salary of the Accountant in Government Proceedings dated 7th March 1895, No. 13763-4—L. F. 7-94.

7. *VIII Public Works—(b) to (o) Works.*—The correct total of the details of provisions made for works as given in Budget Statement No. 1, exclusive of supervision charges, is Rs. 28,776 and not Rs. 28,276. The necessary corrections have been made in this office.

8. *IX Charitable Grants—(a) Dispensaries.*—The provision under this head will be retained subject to the submission of proposals called for in Proceedings dated 13th August 1894, No. 2499-504—L. F. 7-94, for the reduction of contingent charges of the Market and Arlepet Dispensaries and Itinerant Medical Officer. The amount of contribution payable to the Civil and Military Station Municipality towards the Girdlestone Ward for Incurables is reported in the President's No. 106, dated 18th March 1895 to be Rs. 400 a year, which should be included under this head. The total charge under this head will therefore be raised to Rs. 18,842.

9. *Chattram Hospital.*—The authority for the appointment of a Hindu cook o Rs. 6 per mensem should have been quoted. The estimate is however passed.

10. *Midwives.*—This provision is allowed to stand, but no payment on accoun of house-rent should be made till the item of Rs. 120 provided therefor is sanctione by Government.

11. *X Education.*—Under Grants-in-aid, there is a decrease of Rs. 36 due t the breaking up of a pyal school in Arlepete with a monthly grant of Rs. 3 fro the Municipality.

12. The other items, which are in accordance with the sanctioned estimate fo 1894-95, are approved. But the President is requested to state whether the sum Rs. 10,000 overdrawn by the President for expenditure has been duly adjusted.

13. The details of the estimated receipts and expenditure of the Municipalit for 1895-96 are given in the annexed statements, of which a summary is give below :—

* The collections for the first half of the year represent the revenue for 1893-94. Under the recent order of the Government, collections are to be credited at once to Municipality, and therefore the revenue for 1894-95 will be credited within the year, unlike previous years, and so in future years also.

† The probable collections during the second half year includes arrears of the first half. The demand for manure is very large, and the estimate for 1895-96 is less than the actual amount of the contract for the current year.

9. *Chattram Hospital.*—The authority for the appointment of a Hindu cook Rs. 6 per mensem should have been quoted. The estimate is however passe

10. *Midwives.*—This provision is allowed to stand, but no payment on accou of house-rent should be made till the item of Rs. 120 provided therefor is sanction by Government.

MUZRAI.

Proceedings of the Government of Mysore,

READ :—

The following extract from the Muzrai Superintendent's Memo, dated the 13th March 1895, regarding H. H. Prince Gulam Muhammad's Charity Fund in Mysore :—

This Charity was founded in March 1869 by H. H. Prince Gulam Muhammad, with the sanction of the Government of India, for the purpose of providing a permanent source of subsistence to the poorer classes in Mysore and Seringapatam. A sum of Rs. 1,65,000 was invested by him in the Government of India 4 per cent Securities, and out of the monthly interest of Rs. 550 accruing thereon, Rs. 510 was to be distributed in cash to 170 paupers at the rate of Rs. 3 each per month. The Charity has hitherto been maintained on the scale stipulated by the donor.

2. The Comptroller to the Government of Mysore, in his letter No. 4045, dated the 21st ultimo, reports that all the 4 per cent Securities belonging to the Fund have been converted into 3½ per cents in pursuance of the Government of India Notifications lately issued, and that the reduction of interest will come into force from the 1st August 1895. This unforeseen reduction of interest reduces the monthly income of the Charity from Rs. 550 to Rs. 481—4—0, and it is therefore not possible any longer to continue the Charity to the full extent intended by the donor.

3. The Committee administering this Charity, in their meeting held on the 19th December 1894, have proposed to obviate the difficulty by requesting the Government to allow them to invest in the Mysore Government Treasury a sum of one lakh of rupees belonging to the Fund at 5 per cent interest under the terms of the Mysore Government Proceedings No. 492-500—22, dated the 9th August 1892. This arrangement will, if sanctioned by Government, fetch a monthly income of Rs. 606—4—0 inclusive of the 3½ per cent interest on the remaining Rs. 65,000 to be retained in the Government of India Securities, and thus enable the Managing Committee to grant relief even to a greater number of paupers than at present. But if, however, the Government will not be pleased to grant the prayer of the Managing Committee, then, the only course open seems to be, to reduce the number of recipients as vacancies occur, and also to cut down the other expenditures now maintained in connection with the Charity Fund corresponding to the diminution in its income.

4. The expenditures now incurred in connection with the Charity Fund are—

				Rs.
1.	Subsistence allowance to 170 paupers at Rs. 3 each a month		..	510
2.	Establishment and other charges—			
	Pay of Clerk	20		
	Contingencies	5		
				25
3.	Scholarships to certain poor students in Mysore			14
			Total	.. 549

5. Of the above charges, item No. 3 —Scholarships—is not one of the charities provided for by the donor, and will therefore cease to be paid in future.

6. Item No. 2—Establishment charges—may also be curtailed from Rs. 25 to Rs. 16—4—0 a month. The pay of the Clerk which, according to the sanctioned scale, is Rs. 20 may be fixed at Rs. 15, the sum drawn by the present incumbent, and the contingent expenditure may be limited to Rs. 1—4—0 a month, the requirements being only such petty articles as pen paper, ink, gum, &c.

7. Finally, as regards the subsistence allowances to paupers which is the main object of the Charity, it is not at all desirable that the value of each stipend should be reduced to keep to the number of grants originally fixed. H. H. Prince Gulam Muhammad, when he established the Charity in 1869, fixed the value of the monthly allowance at Rs. 3, evidently with the intention of making it sufficient for the subsistence of a pauper throughout the month, and its diminution at this time, when the market prices of provisions have risen considerably, cannot secure the due fulfilment of the object of the donor. The number of grants, which was fixed at 170, was only a matter of arithmetical calculation with reference to the total interest then obtainable

on the funded capital. It should therefore be reduced now according to the extent of funds available under the present altered circumstances. The monthly interest payable to the Fund from the 1st August 1895, will be Rs. 481—4—0. Deducting out of this Rs. 16—4—0 for the Establishment charges as noted in the foregoing para, a sum of Rs. 465 will be available for distribution to the poor, and this amount will at the stipulated scale of Rs. 3 each, provide relief to 155 paupers only, or 15 less than the number fixed by the donor. The maximum number of paupers to whom relief is to be granted from the Charity Fund should, in future, be limited to 155. As, however, any sudden curtailment of the number will create hardship to the paupers that may have to be thrown out, I would suggest that the reduction be brought about gradually by absorbing all vacancies as they occur until the number of recipients is reduced to 155.

8. Apart from the capital of Rs. 1,65,000 invested on behalf of the Charity by H. H. Prince Gulam Muhammad, a sum of Rs. 1,500 was subsequently invested by the Committee in the Government of India 4 per cent Pro-Notes out of the accumulated savings in the annual income since 1869.

9. As stated above, the monthly interest available from the 1st August next, after defraying the Establishment charges, will be sufficient only for 155 stipends; whereas, if my proposal to reduce the existing number of stipends to the above said number of 155 by the gradual absorption of vacancies as they occur, be approved, it will be some months before the required reduction is brought about, and until such time, a special provision has to be made for the payment of the extra recipients beyond 155.

No. C. 37—8, DATED, CAMP MYSORE, THE 15TH MARCH 1895.

ORDER THEREON.—The Government are unable to comply with the request of the Managing Committee to allow them to deposit one lakh of rupees belonging to the Fund in the Mysore Government Treasury at 5 per cent interest under the terms of the Government Proceedings No. 492-500—Muz. 22, dated the 9th August 1892. The only course possible, to meet the deficit in income caused by the reduction of interest on the capital of the Fund from 4 to 3½ per cent, is to reduce the number of recipients of the Charity.

2. The maximum number of stipends that may be granted from the Fund will, in future, be limited to 155. The Government, however, taking into consideration the hardship that will be caused by the sudden curtailment of the number of recipients, are pleased to direct that the required reduction be brought about gradually by absorbing all vacancies as they occur, and that, until such time as the number of recipients is reduced to 155, all payments to the extra number be met from the savings in the Muzrai Budget *on the distinct understanding that no vacancies are filled up in the meanwhile.*

3. The Establishment and the Contingent charges in connection with the Charity Fund will be reduced to Rs. 15 and Rs. 1—4—0 a month respectively; and the payment of the scholarships referred to in para 4 of the Muzrai Superintendent's Memo will also cease in future.

4. The orders conveyed in the foregoing paras will be brought into force from the 1st August 1895, the date from which the reduced rate of 3½ per cent interest will be paid on the invested capital of the Charity Fund.

Correspondence ending with the Mysore District Deputy Commissioner's Memo No. 957—2, dated the 28th November 1894, submitting proposals for the establishment of Kandachar Subba Rao's Chattram in Hardanahalli, Chamrajnagar Taluk.

AND—

The following Memo of the Muzrai Superintendent, dated the 13th March 1895 :—

In 1872, one Kandachar Subba Rao residing in Hardanahalli, Chamrajnagar Taluk, died leaving the following lands as endowments to a Chattram to be established in his name at Hardanahalli ;—

		Area.	Assessment.
i. No. 601 in Hardanahalli ..	Garden ..	K. 4 17 6	Rs. 60 4 10.
ii. No. 1402 in Ramasandra .	Wet ..	„ 2 5 10	„ 23 3 9.
iii. No. 1422 in Ramasandra ..	Dry ..	„ 0 14 8	„ 11 0 9.

2. At the time of the donor Subba Rao's death, land No i. (garden) was in the possession of one Lingarajaiya, who was a joint-pattadar for the land ; and it was arranged by a written Karar that Lingarajaiya should enjoy the whole of the land himself and pay one-half of the produce for the maintenance of the Chattram. The other two lands, wet and dry, were in the possession of one Honnashetti to whom the donor Subba Rao, had previously mortgaged them, and this Honnashetti had also consented to pay one-half of the produce to the Chattram. But both Lingarajaiya and Honnashetti went on enjoying the whole produce of the lands in question themselves without paying any portion thereof to the Chattram as agreed to by them, until the year 1885, when on a petition from Venkoba Rao, son of the deceased donor Subba Rao, an enquiry was set afoot by Government, and after much correspondence on the subject, orders* were passed allowing Lingarajaiya to retain possession of the garden land on his agreeing to pay one-half of the produce (since fixed† at a permanent Gutta of Rs. 175 a year) to the Chattram, and Honnashetti was likewise confirmed in the possession of the wet and the dry lands, on condition of his paying to the Chattram 23 pattis of paddy every year.

*Pro. No. 720, dated 11—7—85.

†Pro. No. 3763—203, dated 20—7—90.

3. As regards the place where the Chattram is to be established, the question is still pending before Government. In 1884, the then Deputy Commissioner, the late Mr. Abdul Khader, recommended Attikulipura (9 miles from Chamrajnagar) as a fit locality for the Chattram. The recommendation was approved by Government in Proceedings No 720, dated 11th July 1885, but no action was taken towards the construction of a Chattram building. In 1890, the Deputy Commissioner Mr. Meiklejohn, represented‡ to Government that to locate the Chattram at Attikulipura, instead of at Hardanahalli, would be distinctly opposed to the wishes of the testator, who had left property for the construction of a Chattram in his own native village, and in a case like the one under advertance, the wishes of the testator should be given effect to if it could possibly be done. Mr Meiklejohn accordingly recommended Hardanahalli as a fairly large village where a small Chattram might do some good, and he added that, in case the Chattram is not to be established, the money ought be spent in making a good well, or tope, or on some such charitable object in the village itself, and not be taken away and spent elsewhere.

‡Letter No. 248, dated 28—5—90.

4. The Government, however, left the question undecided, and, in passing orders regarding the Gutta amounts payable on the lands endowed to the Chattram, observed§ :—

§Pro. No. 3763—203, dated 20—7—90.

"The Gutta amount so collected should be deposited in the Government Savings Bank, and such time as the accumulations that accrue are sufficient for the construction of a Chattram either at Hardanahalli or elsewhere as may hereafter be determined."

5. The Deputy Commissioner accordingly now submits¶ to Government the District Muzrai Officer's proposals regarding the location of the Chattram.

¶Memo No. 957—2, dated 28—11—94.

6. The Chattram is, it is reported, in receipt of an annual income of Rs. 275 from the two sources specified in para 3 *supra*, and the accumulated income of past years has come up to Rs. 1,944. The District Muzrai Officer therefore proposes to start the Chattram at Hardanahalli, which, besides being the native village of the donor, is represented to be much frequented by travellers.

7. As regards the building for the Chattram, the District Muzrai Officer does not propose to construct a new building for the purpose as it would entail a large outlay, but recommends that the Chattram may be located in a portion of the Gopalakrishnaswami temple premises in Hardanahalli. This temple, it would appear, is in a state of thorough disrepair, and some portions, dilapidated beyond repair. The temple itself has not any funds to spare for the repairs. It is therefore proposed to detach the northern portion of the temple, known as Chandrasala, and take it up permanently for the Chattram, and, in consideration thereof, pay to the temple Rs. 500 out of the Chattram funds. The Chandrasala Mantap, when taken up for the Chattram, might, it is reported, be fitted up for the purpose at a comparatively small cost of Rs. 224. Thus the arrangement has two-fold advantages.—a good substantial building will be secured for the Chattram at a cheap outlay of Rs. 724, and at the same time, funds to the extent of Rs. 500 will be made available for the repairs of the main buildings of the Gopalakrishnaswami temple, any extra amount required for the purpose being made up by a grant from the Muzrai funds.

8. After securing the building for the Chattram as explained in the foregoing para, the District Muzrai Officer proposes to start the Chattram with an establishment consisting of only one servant on a pay of Rs. 5 who is to do all the services in the Chattram under the supervision of a Committee of respectable residents of the village.

9. In conclusion, the District Muzrai Officer adds that, after paying out of the Chattram funds Rs. 500 to the temple for the Chandrasala Mantap to be taken up for the Chattram and expending Rs. 224 on its repairs, the surplus remaining out of the accumulated savings of past years may be lent out to private individuals on higher interest than that allowed in the Government Savings Bank.

10. A petition* has also been received from the Archak of the Gopalakrishnaswami temple in which he prays for the early repairs of the temple and requests that the Chattram in question may be located in a portion of the temple premises as proposed by the District Muzrai Officer.

*No. 1013, dated 4—2—95.

No. C. 35—36, DAED CAMP MYSORE, THE 15TH MARCH 1895.

ORDER THEREON.—The proposals contained in paras 7 and 8 of the Memo read above are approved. The Deputy Commissioner will accordingly be requested to take early steps for the establishment of the Chattram in question in the Chandrasala Mantap of the Sri Gopalakrishnaswami temple in Hardanahalli, which Mantap will be permanently taken up for the Chattram, a sum of Rs. 500 out of the Chattram funds being, as proposed by the District Muzrai Officer, transferred to the credit of the temple on this account.

2. Regular estimates for the fitting up of the Chandrasala Mantap for Chattram purposes and also for the necessary repairs to the main building of the Sri Gopalakrishnaswami temple will be submitted at an early date for sanction of Government in the Muzrai Department.

3. The balance of the Chattram savings, after defraying the charges referred) to in para 9 of the Muzrai Superintendent's Memo, will be deposited in the Government Savings Bank till a decent sum is accumulated for investment in the Government of India Pro-Notes. The Government observe that the investment of Temple and Chattram funds in loans to private individuals is not at all desirable.

Appeal Petition No. 2407, dated 8th February 1894, from one Hariyappa of Harihar, against the Muzrai Superintendent's Order No. 277, dated 13th October 1893, declining to register the name of the petitioner's grandson as *Hakdar* to the Archakship held by the petitioner in the Harihareswaraswami temple at Harihar, Chitaldroog District.

Correspondence on the above, ending with letter No. 247-11, dated 25th September 1894, from the Deputy Commissioner, Chitaldroog District.

READ ALSO:—

The following extract from the Muzrai Superintendent's letter to the Chief Secretary to the Dewan, No. 551, dated 13th December 1894:—

"With reference to the last para of the Government Proceedings No. 3596—Pet. 327, dated 22nd August 1894, in the matter of the appeal petition of one Hariyappa, late Archak of the Harihareswaraswami temple at Harihar, I have the honor to observe as follows:—

"The person Nilakantappa, whom the petitioner Hariyappa wishes to be nominated as his minor grandson's Gumasta, is the present Archak of the temple.

2. "During my inspection of the temple in August 1893, the devotees of the place represented to me that the petitioner Hariyappa should be removed from the Archakship, as he had contracted some incurable cutaneous disease which rendered him unfit to worship in the temple The petitioner was accordingly removed from office and when asked at the time whom he would like the office should be given to, Hariyappa stated that he had no sons and prayed therefore that the office might be given to his brother-in-law Nilakantappa. Nilakantappa was then a School Master in Harihar. As, however, on local enquiry it was ascertained that he was well versed in the Agamaic worship, his nomination to the Archakship as prayed for by the petitioner Hariyappa was sanctioned, subject to the condition that he (Nilakantappa) should resign the School Mastership and devote himself entirely to the temple services. Accordingly Nilakantappa was appointed to the Archakship formerly held by the petitioner.

3. "Subsequently, the petitioner Hariyappa changed his mind and petitioned praying that the Baravard of the Archakship might be registered in the name of his grandson (daughter's son) Mylarappa, a minor, his brother-in-law Nilakantappa who had already been appointed to the office being regarded as the minor's Gumasta. In this connection I also beg to submit herewith for the information of the Government, letter No. 247-11, dated 25th September 1894, since received from the Deputy Commissioner, Chitaldroog District, together with its 3 enclosures, *viz*, (1) Kanarese statement dated 9th September 1894, given by the petitioner Hariyappa, (2) a statement of the same date given by Nilakantappa, present worshipper, and (3) Kanarese report No. 178-3, dated 9th September 1894, submitted by the Deputy Amildar, to the Deputy Commissioner of Chitaldroog District.

4. "As regards the petitioner Hariyappa's request to register the name of his minor grandson as *Hakdar* for the Archakship in question, I beg to state that, if this prayer be granted, it will be inconsistent with the orders issued from time to time in the Muzrai Department, prohibiting the registry in the Baravard of unqualified minors as Hakdars for the post during their minority. My great objection to such entertainment of minors is, that it is often found difficult to oust them from office in case they should prove incompetent for the offices for which they have been registered as Hakdars. The hereditary character of such office as temple Archakship can be conceded only so far as to give preference in filling up vacancies to the members of the last incumbent's family, if they are found duly qualified for the office in question. To go beyond this will be highly prejudicial to the efficiency of the temple service."

No. 884—MUZ. F. 11-94, DATED BANGALORE, 29TH MARCH 1895.

ORDER THEREON.—Having given the subject their best consideration, the Government are of opinion that Nilakantappa who is now doing Puja in the temple should be recognised as the Gumasta of the petitioner Hariyappa himself, so long as the latter is alive though incapacitated for work. The question of appointing the petitioner's grandson to the Archakship will be reserved for due consideration hereafter, either upon the petitioner's demise, or upon the minor attaining majority and duly qualifying himself for the office.

2. From the concluding part of the Deputy Commissioner's letter above read, it would appear that the petitioner Hariyappa has fallen out with Nilakantappa, since the presentation of his appeal to the Government, and now wishes to appoint another man in his place. But this he cannot be permitted to do. Nilakantappa was first appointed to the office only on the express application of the petitioner to that effect, and on that account Nilakantappa had to give up the School Mastership formerly held by him. As Nilakantappa's qualification and work in the temple are well reported upon by the Deputy Commissioner, it is not desirable to remove him from the Archakship in question, which he should continue to hold on the terms of the preceding para.

Proceedings of the Government of Mysore.

Read the following papers:—

I. The following letter from the joint Honorary Secretary, "Devaraj Bahadur Charity Fund," dated 13th March 1895, addressed to the Dewan:—

"I herewith submit the Memorandum drawn up by the Joint Secretaries regarding the administration of the Devaraj Bahadur Charity Fund, together with the remarks of the President and other Trustees. The Memorandum briefly explains the various objects which were carried out with the help of this fund from June 1883 to March 1895, and also contains our proposal for the future administration of the fund.

"In accordance with the view expressed by Government in its order No. D. H. O. S. dated Camp Mysore, 5th June 1892, which has been fully quoted in the Memorandum at page 15,* the joint Secretaries carefully thought over the matter and proposed to the trustees that the whole income of the fund may in future be devoted to the education of high caste widows. I am happy to note that the other trustees also have approved of this object and think that about two-thirds or even three-fourths of the income of the fund may be devoted to it, and that the remainder may be set apart for encouraging the translation of useful English and Sanskrit works into Kanarese and for continuing the services of the present music teacher and employing an additional teacher if possible to give lessons to home students on the Vina. But individually I fully concur with Government in thinking that it is desirable to devote the whole fund to a single laudable object. By specially encouraging the education of high caste widows, we shall be supplementing the efforts of Government in spreading and popularising female education in Mysore, and at the same time save the most unfortunate section of the Hindu community from life-long misery and wretchedness, by elevating their minds and making them useful members of society. Many of the other advantages of the proposal have been pointed out in the Memorandum.

* "The arrangements proposed by the trustees are sanctioned as a tentative measure subject to revision at the end of three years. An obvious objection to the distribution proposed is that it consists of too many small items. A large object to which the fund could be beneficially devoted would be more suitable. The trustees are requested to take this point into their consideration in due course."

"I beg that the Government may be pleased to take the matter into their kind consideration and sanction the proposal to devote the whole fund in future to the education of high caste widows. After the proposal is sanctioned, we shall submit for the approval of Government detailed rules for successfully carrying out the object.

"Our accounts, a statement of which to the end of March 1895 is herewith submitted, show a balance of Rs. 3,787-12-10 on hand, which has been safely invested in the Government Savings Bank at Mysore. As it is not advisable to stop suddenly in the middle of the year the grant-in-aids and scholarships we are now giving, it will be necessary to continue them till the end of the year, and about Rs. 1,287-12-10 will be necessary for the purpose. The remaining Rs. 2,500-0-0 may be set apart for the work of translation and for continuing the services of the itinerant music teacher to give lessons to home students on the Vina."

II. Education Secretary's Memo dated 20th March 1895, submitting the opinions of the members of the Maharani's Girls' School Committee on the proposals of Rai Bahadur A. Narasimmaiengar, joint Honorary Secretary, Devaraj Bahadur Charity Fund, and suggesting that admission to the widows' classes may be restricted to pupils of industrious habits and good moral character.

C. No. 186, dated 30th March 1895.

ORDER THEREON.—The trustees of the "Devaraj Bahadur Charity Fund" propose, in the papers read above, to utilize a large portion of the annual income of the fund to educate high caste widows in view to their being eventually employed as teachers in Girls' schools.

2. When the fund was placed in the hands of the trustees, they were informed, by Government order No. ,dated 26th June 1883, that the object of the endowment was "the improvement of Sanskrit and Vernacular literature and the "advancement of education in directions in which adequate provisions do not exist." The Government are of opinion that the trustees are bound to carry out the trust, as far as possible, according to the expressed intentions of the endower.

3. To offer special inducement and facilities to grown up Hindu widows to educate themselves for employment as teachers in Girls' schools will doubtless be promoting one of the objects of the endowment, but the entire income cannot

be exclusively and permanently devoted to the attainment of this single object. The Government are, therefore, pleased to sanction the appropriation, for a period of six years and subject to reconsideration thereafter, of three-fourths of the income of the fund for opening, in connection with H. H. the Maharani's Girls' School at Mysore, special classes to educate widows and to grant suitable scholarships to grown up pupils therein until they are educated up to the Lower Secondary standard, the remainder of the income being devoted to the improvement of Sanskrit and Vernacular literature. The trustees will work out the scheme in consultation with the members of H. H. the Maharani's Girls' School Committee. The School Committee must be responsible for the admission into the proposed special classes, of pupils of industrious habits and good moral character and to remove such as may at any time be found not to possess these important qualifications. These pupils moreover should be drawn from those sections of the community from which the school draws its other pupils.

171	15654 Pet. 1336	14	Dy. Comr., Bangalore.	*Appellant* .. Rao Bahadur Rama Rao Ranavare, Regimentdar, Mysore by Mr. D. Venkatramaiya. *Decision.*—The Appellant erected a wall of stone slabs in Survey No. 48 of Mallenahalli within the Municipal limits of the Bangalore City As the Survey accounts showed that this land was classed as Kharab and Bevars, the Deputy Commissioner on 9th October 1894 ordered the removal of the structure. The appeal is against this. 2. As the proceedings showed that the Appellant had no opportunity of stating or proving his case, the appeal was remanded to the lower court for further enquiry.
172	15656 Pet. 1338	14	Dy. Comr., Kolar.	Petition No. 216 of 1894-95. *Appellant* .. Shama Rao, Mudigere, Mulbagal Taluk, by Mr. B. Ramanna, Advocate. On his failing to report an unauthorized felling of certain Government trees, Appellant, who was the Pateli Gumasta of Mudgere, was fined Rs. 12-2-0 and also removed from office. The appeal is against this order. Held—that there were no grounds to interfere with the order of the Deputy Commissioner.
173	15424 Pet. F. 108-92	14	Ditto, Chitaldroog.	*Appellants.* Bharmanna, Siddaiya and Ajjappa, Davangere, by Mr. D. Venkatramaiya, Advocate. *Vs.* *Respondent.* Siddalingappa and Murigappa. Plaintiff brought this suit for the establishment of their right to and for the recovery of the possession of the office of Patel of Davangere. The suit was dismissed by the General Assistant Commissioner, Kadur, on the ground that it was barred by limitation and his decree was confirmed by the Deputy Commissioner. Hence this second appeal. It was urged at the hearing that the suit was not barred by limitation as Appellants were in possession of their share

173	14966 R.F. 257-92	14	Excise Comr. ..	Forwarding for explanation an office note on the subject of the Arrack Revenue proposed to be payable to the Sringeri Jahgir for the years 1892-93 and 1893-94.
174	15085 R.F. 103-92	15	Comptroller ..	Recording the Registers of Judicial Deposits of the several Districts for the quarter ending 31st December 1893.
175	15038-9 R. 2182	15	Supt., Mysore Revenue Survey, and Comptr.	Sanctioning an additional remuneration of Rs. 5 to the village officers of the Bailappanagudi Maralahallada Kaval in the Chiknayakanhalli Taluk, which has been transferred to the Revenue Department.
176	15080-2 R. 2178	15	Ditto ...	Sanctioning an additional remuneration of Rs. 49-8-0 to the Patels and of Rs. 55-8 0 to the Shanbhogs of Kadabagadde Kaval, Kurubarhalli Byalad Kaval and Channagiri Kere Hindin Kaval in the Gubbi Taluk, transferred to the Revenue Department.
177	15083-4 R. 2179	15	Ditto ...	Sanctioning the payment of the final remuneration of Rs. 15-8-0 to the village officers of Akkatanger Kaval in the Tumkur Taluk, transferred from the Amrut Mahal Department.
178	10574 R. 2175	16	Excise Comr ...	Calling for further report on the subject of his proposal for the temporary employment of the Totis of certain villages to look after date plantations in certain Taluks of the Kolar District.
179	15218 R. 2188	16	Ditto ...	Observing, with reference to the claim of the Inamdar of the Byranahalli village in the Koratagere Sub-Taluk for the Toddy Revenue of the said village, that as Government date trees supply the Inam shop with the toddy it sells, it should be ascertained from the Deputy Commissioner how many trees were utilized for sale of toddy in the Inam shop, how many *gadas* of toddy were sold during the years 1892-93 and 1893-94, and what sum he would fix as Government rent for the toddy trees so utilized, and that in a case of the kind, the Government trees needed for such Inam shops as have no separate Inam groves of their own should be recovered and sold separately by Deputy Commissioners so that "Excise" and "Rent" may not be mixed up but readily known yearly.
180	15332 R.F. 13-94	18	Dy. Comr., Hassan, and Comptr.	Sanctioning a refund bill for Rs. 6 12-0, being the purchase money paid by one Yellogi for certain land sold in the Mathigatta village, Belur Taluk, the sale having been subsequently cancelled by the Jamabandi Officer on the ground that it contained mature date trees.

181	15334 R. F. 6-94	18	Dy.Comr.,Shimoga.	Calling for further particulars regarding certain gomal land proposed to be appropriated for cultivation purposes in the Mulugodu village, Nagar Taluk.
182	15335 R. 2204	18	Supt., Mysore Revenue Survey.	Forwarding a copy of letter from the Deputy Commissioner, Bangalore District, soliciting sanction to strike off the assessment of Rs. 3 on Survey No. 17 in the Kumbalgude village of the Bangalore Taluk, which has been occupied by the Government Travellers' Bangalow and its compound, and enquiring why the land occupied by the bungalow and its compound was assessed, and whether there is any objection to the alienation proposed by the Deputy Commissioner.
183	15336-7 R.F. 2-94	18	Dy. Comr., Kolar, & Supt., Mysore Revenue Survey.	Sanctioning the appropriation for cultivation purposes, of fifteen acres and thirty guntas of land, out of Survey No. 177 in the Amani Manchanbele village, Chikballapur Taluk.
184	15215 R. 2186	18	Ditto, Bangalore..	Informing the Deputy Commissioner with reference to his reminder on the subject of compensation payable for certain lands taken up for the Bangalore-Hindupur Railway, that reminders need not be sent unnecessarily, and that the matter once reported will receive due attention.
185	15216-7 R.F. 12-94	18	Ditto, Mysore, and Comptr.	Sanctioning, under Government Proceedings No. D. 298, of 2nd March 1892, a refund bill for Rs. 168 6-5, being the excess over half the assessment on rice lands under tanks recovered from the raiyats of the Tirumakudlu-Narsipur Taluk, and observing that the object of the order being to grant substantial relief, it is doubtful whether the refund of 2 pies or any trifling amount much under 1 rupee is called for in fulfilment of such object, but that the Deputy Commissioner will satisfy himself that the refund of such amounts will actually reach the persons for whom it is intended.
186	15219 R. 2189	18	Ditto, Tumkur ..	Informing the Deputy Commissioner that the general recommendation made by him for raising the pay of the Taluk menial establishment in his District, is not supported by sufficient grounds, and Government are not therefore prepared to consider it favorably.
187	15220 R. 2190	18	Ditto, Chitaldroog.	Requesting the Deputy Commissioner, with reference to his application for a permanent advance of Rs. 50 being placed at the disposal of the Holalkere Amildar to meet the demands of railway fare, cart-hire, &c., to submit a statement of expenditure incurred by the Amildar on this account during the last three years.

191	15224 / R 2194	18	Dy.Comr., Kadur.	Requesting explanation of certain discrepancy in the return of Revenue Miscellaneous Proceedings of the Kadur District, for September 1894.
192	15225 / R.F. 213	18	Comptroller . .	Recording Comptroller's docket explaining why certain Taluk Treasuries in the Mysore District, were not inspected twice during 1893-94, &c.
193	15331 / R. 2201	18	Dy. Comr., Bangalore.	Informing the Deputy Commissioner, with reference to his enquiry whether Government Proceedings No. 2061-70—R. 244, dated 4th August 1894, prohibiting the erection of buildings within half a mile of the Railway Station can be made applicable to Messrs. Binny and Co., extending their coffee works buildings within the premises of the Lion Mills, that if it is within their own premises of the Mill building that they want to erect another building, it is not easy how a prohibition authorized as applicable to agricultural lands could be deemed to apply to this case, and that as Municipal President he could regulate his conduct with reference to Municipal Regulations, and requesting him to express his opinion as to whether the building ought to be permitted or not.
194	15340-1 / R. 2208	18	Ditto, Kolar, and Supt., Mysore Revenue Survey.	Sanctioning the writing off the accounts of the assessment of Rs. 3-8-0, on Survey No. 43 (Inam) in the Balakuntahalli village of the Chikballapur Taluk, submerged by the construction of the Srinivasasagar tank by the Public Works Department.
